GERMANS SEND REPLY ABOUT WARSHIPS

GOVERNMENT OF U. S. WILL TAKE OVER AND OPERATE COAL MINES

Mines of Operators Who Show no Disposition to Co-operate in Increasing Production to be Operated by Administration

Washington, Nov. 28.—Seizure of bituminous coal mines where the owners do not show a disposition to co-operate in increasing production and use of troops to protect all miners who desire to work have been decided upon by the Government in an effort to end the bituminous coal strike, it was said to-day officially.

In mines seized by the Government the fourteen per cent. wage advance agreed upon by the Cabinet will be put into immediate effect.

These plans of the Government were agreed upon by the Cabinet last Wednesday, officials said, so as to meet the situation resulting from a refusal of the operators or miners, or both, to agree to the Government's wage increase proposal. Cabinet officers expected many mine owners to put in to effect voluntarily the fourteen per cent. wage increase. Whether the mines of those refusing to do so would be seized was not made clear, but it was said that with no general plan for Government control, each individual case would be decided on its merits.

NINETY TRAINS ARE STRUCK OFF LIST

Grand Trunk Reduces Ontario Service Because of Coal Shortage

Toronto, Nov. 28.—Ninety trains are to be cut off the Grand Trunk Railway service in Ontario as a result of the shortage of soft coal consequent on the strike in the United States. The Grand Trunk Railroad Company announced that the reduction will go into effect Sunday.

There will be nine trains less than usual running into and out of Toronto when the cut in the service takes effect.

Measures made for negotiating a Magrath's Opinion.

Ottawa, Nov. 28.—Canadians can now look forward to a shortage of soft coal supplies for some time, in the opinion of C. A. Magrath, Dominion Fuel Controller, who has just returned from Washington. In view of the breaking off of negotiations between the miners and operators in the United States announced late yesterday afternoon, there can be little hope of amelioration of the situation for some time.

SPAIN NOT DEALING WITH BOLSHEVIKI

Spanish Charge d'Affaires Was Forced to Leave Russia

Madrid, Nov. 28.—Spain has broken off all relations with the Soviet Government of Russia, it was announced in the Cortes to-day by the Minister of Foreign Affairs, who said the step had been taken because the Spanish Embassy in Petrograd had been twice attacked and the Charge d'Affaires forced to leave Russia.

Socialist Deputy Savorin protested against this action, which he declared to be "tyrannical."

Italian Socialists.

Rome, Nov. 28.—The directors of the Socialist Party of Italy to-day adopted a motion declaring that "the Socialist victory at the general election is an act of complete solidarity with the Soviet Republic of Russia and a clearly expressed order to the Italian Government to recognize Russia."

MUST MAKE PAYMENT ON BONDS TO-MORROW

Initial payments of Victory Bonds applied for through the Banks must be made by Saturday, Brigadier-General Clark, Island Loan Chairman, wishes to point out to the public again. If payments are not made by that time applications will be cancelled.

EIGHTY THOUSAND IMPERIALS COMING

Ex-Soldiers Will Be Settled on Lands Adjacent to Kamloops

Long Standing Effort to Have Scheme Carried Out on Reserve

Kamloops, Nov. 28.—Eighty thousand Imperial soldiers, many of whom are suffering from chest and lung trouble, are to be established in British Columbia by an extensive programme to be carried out under the auspices of the Dominion Board of Soldiers' Civil Re-establishment, according to an intimation received here, says a Vancouver Province dispatch.

The big Indian reserve opposite Kamloops, which contains many acres of the finest bench lands, is also to be taken over by the Dominion Government and utilized as the centre for a great soldier colonization scheme. Official word on the Indian reserve question has been received by F. J. Fulton, M. P., who with H. H. Stevens, (Concluded on page 4.)

SLEEPING SICKNESS IN ONTARIO NOW

Suspected Case in Toronto; a Farmer Died; Puzzling New York Case

Toronto, Nov. 28.—Miss Laura Dale lies in a comatose state at her home here, the condition having existed since Friday. The family physician thinks it may be a case of sleeping sickness.

Miss Dale was vaccinated two weeks ago.

A Death.

A dispatch from Stratford last evening told of the death of Hiram Gabel, of Shakespeare, Ontario, as a result of sleeping sickness. Two weeks ago he suddenly became ill and, with the exception of occasional spells, he remained unconscious. He was twenty-seven years old, and was married only a few months ago.

Long Sleep.

New York, Nov. 28.—A new sleeping record was established yesterday by Mrs. Dora Mintz, whose long period of unconsciousness now totals fifty-one days. Dr. R. J. Wilson, superintendent of the hospital where her case has puzzled the medical authorities, said that her minutes of wakefulness are increasing and the patient appears to thrive on a diet of milk and gingersnaps.

Violin music may be resorted to in an attempt to arouse the sleeping woman.

JUGO-SLAVS ARE PROMISED FAIR ADRIATIC SETTLEMENT

London, Nov. 28.—Great Britain has given Jugo-Slavia assurances that the Adriatic question will soon be taken up by the Supreme Council and that Great Britain's influence will be exerted to secure a just and equitable settlement in accord with the life and interests of Jugo-Slavia, according to private dispatches.

These reported assurances are coincident with the presentation of the note sent by the Jugo-Slav delegation to the Supreme Council in Paris urging that the Adriatic matter be taken up immediately.

The British note does not commit the Government to any definite line of action. Diplomats here are inclined to view the inactivity during the past few days of Gabriele d'Annunzio, the insurgent Italian commander at Fiume, as a hopeful sign, although there is no disposition to assume that he necessarily has abandoned his plan for annexation of Dalmatia to Italy. It is believed that the fact that the Italian general election was unfavorable to his project may have influenced him to hesitate and consider the probability of success. Meanwhile official announcement of Premier Nitti's policy regarding the Adriatic is eagerly awaited.

With d'Annunzio.

Paris, Nov. 28.—Admiral Millo, commander of the Italian occupation forces along the eastern coast of the

Powers Preparing to have the League of Nations Function

Brussels, Nov. 28.—Representatives of Britain, France, Italy, Belgium, Switzerland, Holland, Sweden, Norway, Portugal, Greece, Poland, China and Japan will meet here on December 1 to discuss the adoption of measures and suggestions for the establishment of the League of Nations.

LADY ASTOR FIRST WOMAN TO TAKE SEAT IN BRITISH HOUSE

Plymouth, Eng., Nov. 28.—Lady Astor was elected to the House of Commons in the Sutton district of Plymouth in the balloting of November 15. The result was announced after a count of the ballots here this afternoon, the vote standing: Lady Astor, Unionist, 14,495; W. T. Gay, Labor, 9,292; Isaac Foot, Liberal, 4,139.

The ceremony attending the counting of the ballots cast on November 15 began in the historic o'clock this morning. Lady Astor and her two opponents, W. T. Gay, Labor candidate, and Isaac Foot, Liberal, were not present at that hour.

Great Interest. All of Plymouth, in fact all of England, was eagerly expecting regarding the announcement, as the outcome was regarded as being of more than local importance. The defeat of Lady Astor would have been reckoned as a signal victory for the opposition, as the Sutton division of Plymouth always has been a Unionist stronghold.

The campaign attracted wide attention. Mrs. Lloyd George, wife of the Prime Minister, and other prominent political personages spoke in Lady Astor's behalf.

Lady Astor will take her seat on Monday.

Distant Votes. The delay in announcing the result was due to the necessity of collecting votes from electors of the constituency who at the time of polling were at more or less distant points. The vote of this class was largely that of soldiers and sailors. Its possible total was 4,400, and it was estimated that fifty per cent. of it was actually polled.

Labor Vote. Gay, the Labor candidate, conceded his defeat before the announcement of the result. "It is a new party down here," he said, "and I could not hope to win this time, but I believe I have doubled the Labor vote of the last election."

(Concluded on page 4.)

SAYS MONARCHY COULD BE RESTORED

Windisch-Graetz Says Hapsburg Could Be Hungarian King

Paris, Nov. 28.—(Havas)—Prince Ludwig, Windisch-Graetz without portfolio and intimate friend of former Emperor Charles, is reported to have declared in Berlin that the re-establishment of the Hapsburg dynasty in Hungary is only a matter of machine guns, the Entente not being able to prevent it, according to a dispatch received here from Geneva.

Confiscated. Budapest, Nov. 27.—via London, Nov. 28.—One hundred million crowns, contained in twenty-one cases buried deep in the cellar of Count Michael Karolyi's palace, have been discovered and confiscated by the Hungarian police. The treasure consisted of stocks, bonds, silver and gold, representing the former Premier's total fortune. Thorough search by the Communists when they were in power failed to reveal the treasure, although the palace was ransacked several times.

FIVE INCHES OF SNOW AT VANCOUVER

Vancouver, Nov. 28.—Snow started falling in Vancouver and on the lower mainland about 8 o'clock last night, and by 5 o'clock this morning five inches was officially recorded. According to weather bureau information, the snow will quickly turn to sleet, and rain, the weather being mild to-day, and likely to continue so for a while.

WATCHMAKERS IN TORONTO MAKING DEMANDS; MAY STRIKE

Toronto, Nov. 28.—Watch and clockmakers who are organized in Toronto have advised employers in the city that unless the latter accede to the request of the union for a forty-four-hour week for a minimum wage of \$25 for apprentices of three years' standing and \$45 for fully qualified workers, a strike will be called for December 1. Abolition of piece work also is demanded.

STATE OF TURKEY IS GROWING WORSE

Allies Asked to Negotiate Treaty of Peace Quickly

Constantinople Leaders Fear Country May Plunge Into Anarchy

Constantinople, Nov. 25.—Delayed—The appeal that early arrangements be made for negotiating a peace treaty, sent by the Sublime Porte to the Peace Conference in Paris, is said to have been inspired by the fear that Turkey may be plunged into anarchy and have no responsible Government left to treat with the Allies. At the same time the Grand Vizier is urging country districts to hurry arrangements for elections so that a Parliament may meet here and be ready to discuss the terms of peace.

Out of Control.

At present the interior of the country is not controlled by the Government, which cannot collect taxes and has no funds. This financial situation, it is pointed out, is liable to throw the country into the hands of any other nation which may make it a loan. The Turks are preparing to make an effort to excite interest in the United States for a mandate over this country and plan to send publicists to the United States for that purpose.

Both Citizens' Side and Labor Men Profess Confidence.

Winnipeg, Nov. 23.—With fully 10,000 votes cast before 11 a. m., to-day's civic election here undoubtedly will break all records. It is believed 30,000 voters will have exercised their franchise before the polls close at 8 o'clock to-night and it is thought the returns will not begin coming in until 9 o'clock.

Every polling division reported a veritable land office business and many calls were sent to the City Hall for help. Thanks to ample precautions, the emergencies were quickly relieved.

Both Confident.

Both sides are confident of success. At noon Mayor Charles F. Gray said: "I know I shall win. I am sure six months ago, because the people were determined to have no such similar trouble as the strike here again."

S. J. Farmer, the Labor candidate for Mayor, made no formal statement beyond reiterating his conviction that labor would score a decisive victory. Alderman John Queen stated that he looked for an easy victory in his ward.

Action Urged.

The Citizens' League issued a statement saying the citizens' candidates would be elected by a landslide over the Labor men provided the citizens' supporters continued to turn out at the polls as they did this morning. The only ward they conceded as doubtful was Ward 7, Elmwood.

On the other hand, Labor supporters predicted that the heavy labor vote would be polled this evening before the polls closed and would more than offset any gains that may have been made by their opponents earlier in the day.

ALBERT THOMAS IS FIRST DIRECTOR OF LABOR CONFERENCE

Washington, Nov. 28.—Albert Thomas, the Conservative Labor leader of France, was selected to-day by the governing body of the International Labor Conference as the first Director-General of the Labor Conference under the League of Nations.

Arthur Fontaine, of France, was selected as permanent chairman of the governing body.

IRISH BANK CLERKS READY TO STRIKE

Dublin, Nov. 28.—Announcement is made that the bank clerks' Union will notify its members on Monday to strike after business hours on Wednesday, in consequence of a circular issued by the bank directors calling upon their clerks to state individually whether they intend to strike in accordance with a resolution passed by delegates of the union here on Sunday. This circular is interpreted as a threat of dismissal of any who do not reply.

It is reported the Ministry of Labor is arranging to arbitrate in the matter.

GERMANS ATTEMPTING TO AVOID COMPLIANCE WITH ALLIES' DEMANDS

Send Notes About Warships and Prisoners; Berlin Dispatch Says They Object to Replacing Warships Sunk at Scapa Flow

Paris, Nov. 28.—The German delegation to-day delivered two notes to Paul Dutasta, Secretary of the Peace Conference. One relates to the replacement of the German warships sunk by their crews in Scapa Flow, and the other to the repatriation of German prisoners.

Berlin, Nov. 28.—It is stated in authoritative quarters here that Germany will not comply with the demand of the Entente for 400,000 tons of docks, dredges and tugs as an offset to the German warships sunk at Scapa Flow.

It is indicated that Germany would stand pat on her proposition to refer the dispute to The Hague Tribunal. It is claimed that Germany should not be held responsible for the acts of the marine forces at Scapa Flow.

Paris, Nov. 28.—Discussing the sinking of the German fleet in Scapa Flow and the compensations to be obtained therefor, the Supreme Council to-day admitted in principle

the demolition of the units still in the hands of the Allies, but the question of the distribution of scrap iron resulting from the breaking up of the ships was not decided.

France and Italy, whose shipbuilding yards have been idle since 1914, will receive certain units intact as compensation for tonnage lost during the war.

CARRANZA SAID TO HAVE FLED AS FIGHTING STARTED

San Antonio, Tex., Nov. 28.—Reports were received to-day from the border to the effect that fighting had broken out in Mexico City between the Obregon and Carranza factions. Carranza was reported to have fled to Queretaro and General Pablo Gonzales was reported to be leading the Carranza troops.

Washington, Nov. 28.—Although further investigation of facts will be made, the American Government has no intention of re-

ceding from its position in the Jenkins case, administration officials declared to-day. The Government, they said, is prepared for "the next step," which may take the form of an ultimatum to the Mexican Government.

New Point. The Mexican reply to the American demand for the "immediate release for Jenkins raises a new issue, namely, that Jenkins made contradictory statements to the trial judge and this, officials say, must be investigated. Instructions will go forward to the Embassy at Mexico City to-day to investigate this charge, and also obtain copies of the indictment and charges against the consular agent.

Prepared. Administration officials indicated that the negotiations with Mexico would not be prolonged if unsatisfactory, as the American Government had decided upon a course of action and was prepared to carry it out should that become necessary.

GRANTED A DIVORCE.

London, Nov. 28.—Major Thomas Somerville, 1st Earl of Strathmore, who was born in Canada but has lived in England since 1911, obtained a divorce yesterday. Lieut. Berkeley Benson, of the Princess Patricia's, was co-respondent.

LLOYD GEORGE WINS A BIG VICTORY ON VOTE ON COAL

London, Nov. 28.—The Government won a sweeping victory in the House of Commons to-day when the motion of William Braze, a Labor leader, calling for the appointment of a committee to inquire into the cost of production, the output and prices of coal in the United Kingdom was rejected. The Government received 254 votes as against fifty-nine for the measure.

Behind the Braze resolution the full strength of the Labor Party was marshalled. There was a full attendance of the House.

In presenting the motion Mr. Braze declared the Labor Party had been trying to co-operate with the Government in a grave and difficult financial problem but that the Government had declined to permit the party's co-operation.

Mr. Braze asked why the Government was afraid of a committee of inquiry. The miners, he said, had been driven to despair over the

(Concluded on page 4.)

BOLSHEVIKI WANT TO PURCHASE GOODS

Talk of Gold Reserve as Part of the Peace Move

London, Nov. 28.—Russia's gold reserve is unprecedented, and the Soviet Government is prepared to pay 400,000,000 rubles in gold for food, machinery and necessities, according to a statement ascribed to colleagues of Maxim Litvinoff by the Copenhagen correspondent of The Daily Mail. Litvinoff is now in Denmark to negotiate with the Allied nations relative to an exchange of prisoners, having been sent there by the Bolshevik Government of Russia.

Want Peace. "Members of Litvinoff's mission say an effort will be made to make peace and secure the raising of the blockade of Russia," the correspondent writes.

"Great Britain alone is considered to be preventing peace between the Soviet Government and the Baltic States, as well as Finland, whose independence the Bolsheviks are prepared to recognize."

Lenine is said eagerly to desire peace and a resumption of foreign trade.

Only Prisoners.

London, Nov. 28.—In an interview in Copenhagen with the correspondent of The Herald, Maxim Litvinoff reiterated that he had no political mission and was simply a delegate to negotiate for an exchange of prisoners between various Governments and the Bolsheviks.

"He spoke," the correspondent says, "of the terrible treatment—tortures and executions—of Soviet prisoners by the white soldiers, but said it was not known whether the British on the Archangel front were cognizant of them or responsible for those districts. Reprisals, he said, had been threatened on British prisoners but never carried out. His own efforts had saved many British lives."

WIDER TAXATION IF CASE MADE OUT

Premier Oliver Says Legisla-
ture May Aid the
Municipalities

Nelson, Nov. 28.—Speaking at a civic luncheon tendered to Hon. John Hart, Minister of Finance, and himself, here yesterday, Premier Oliver announced that if the municipalities of the Province presented a convincing case for new sources of revenue, which they were demanding, the Government would meet their necessities. New powers of taxation, in such a case, would be given to them, but would be given in a way which would require the municipalities themselves to take responsibility for the manner and extent of their exercise, as defined by the Legislature.

He also stated that as long as the present prohibition law was on the statute books of the Province, it was going to be enforced to the limit of the Government's ability. It was going to be tightened up to a minimum, or else a new law would be enacted. The time might soon come when the people would have the opportunity to state what form of law they desired.

The members of the Provincial Revenue Commission left for Vernon last night.

SENTENCED TO MONTH FOR KILLING CHILD

Toronto, Nov. 28.—Thomas Hirst, who while driving an automobile on July 12 last ran down three-year-old Gordon McPherson, causing the child's death, was sentenced by Mr. Justice Rose in the assize court here yesterday to jail for a month for manslaughter.

Peterboro, Ont., Nov. 28.—James G. Guise Bagley was remanded for one week yesterday on request of his solicitor, F. D. Kerr. Crown Attorney Hammond consented, stating that the crown wished to learn whether any other cases of alleged defalcation were charged against the prisoner.

Mr. Bagley did not appear in court. There are five charges of embezzlement confronting the lawyer Bagley, in which it is alleged he stole about \$4,000 from the Misses Thompson.

GEN. TURNER STATES RE-ESTABLISHMENT NOT BROAD ENOUGH

Vancouver, Nov. 28.—The Dominion and Provincial Governments have not adopted a sufficiently broad programme for the re-establishment of returned men, in the opinion of Lieut.-General Sir Richard Turner, V.C., who is in Vancouver.

"The farmer class," he said, "has been the only one to receive proper treatment at the hands of the authorities. The other returned men are not receiving the full benefits to which they are entitled. Now that I am out of the army I can speak my mind, and when I return to the East I shall personally lay before Sir Robert Borden many matters concerning the re-establishment of the ex-service man which I think need immediate attention."

General Turner expressed himself as absolutely opposed to the extra gratuity being granted to returned men, and stated that in the Middle West he was gratified to learn that in answer to the questionnaires sent out, a large percentage of returned men did not wish the bonus.

"Still," he continued, "I think the Government should do much more towards the re-establishment of the ex-service men. More employment should be provided, and a much larger system of retraining should be adopted to fit the men, so long absent from civil life, to resume their places once more with those who have not served overseas."

CHIEF CREDIT FOR TANKS IS GIVEN TO WINSTON CHURCHILL

London, Nov. 28.—"It was primarily due to the receptivity, courage and driving force of Winston Churchill that the general idea to use such an instrument of warfare as the tank was converted into practical shape," was a statement made in the report issued yesterday by the committee which investigated at great length the numerous rival claims to credit for inventing the tank. But it was said in the report that as the Ministers are considered servants of the state Col. Churchill is not entitled to any awards.

The report then deals with a number of men who made valuable contributions toward perfecting the tank, awarding some of them sums of £500 or £1,000 each, the principal award, amounting to £14,000, being divided.

BRITISH WORKERS PROTEST AGAINST ARRESTS IN STATES

London, Nov. 28.—A protest against the continued arrest and imprisonment of trades unionists in the United States was contained in resolutions adopted at a special conference yesterday of the labor "Triple Alliance," made up of the unions of railwaymen, miners and transport workers.

GERMANS HAGGLE ON PRISONER QUESTION

Berlin, Nov. 27.—Via London, Nov. 28.—It is semi-officially announced that the German Government's reply to the recent note of the Entente sent by M. Clemenceau refers to an alleged official announcement issued in Paris September 20, stating that the Allied and Associated Powers had decided to anticipate the date of the ratification of the peace treaty as far as the repatriation of German prisoners was concerned.

"Germany, therefore," the announcement says, "finds France's denial of this promise incomprehensible."

The Government further expresses surprise at the "fairy tale" concerning alleged propaganda against the Allies, which it considers unworthy of inclusion in official documents, according to the announcement.

Exceptional Offering in Wool Slip-Over Sweaters at \$4.75

This is a splendid lot of Sweaters, ranging in sizes from 38 to 46. Several models are shown, all with sleeves, finished in V-neck fashion, also with roll and flat collars. A wide range of colorings to choose from. But all at one price—\$4.75.

WILSON TO CALL LEAGUE MEETINGS

Mr. Lloyd George Answers
Several Questions in
Commons

London, Nov. 28.—Questioned regarding whose duty it would be to summon the first meeting of the Assembly and the first meeting of the Council of the League of Nations, in view of the American Senate's refusal to ratify the Versailles treaty, Mr. Lloyd George said in the Commons yesterday that Article 5 of the peace treaty stipulated that the President of the United States should summon the meetings. He added that he did not understand that this was in any way affected by the refusal of the United States Senate to ratify the treaty.

Another inquiry made by James Hogg, advanced Radical and Scottish Home Rule member for Edinburgh, was whether Mr. Lloyd George had given any undertaking to President Wilson during the sessions of the Peace Conference that Mr. Lloyd George would endeavor to settle the Irish question. This brought a direct negative reply.

Commissions.

Answering another question, the Prime Minister said the effect of the United States Senate's action with regard to the treaty provisions for plebiscite and other commissions in Germany would only be indirect. It would be necessary for the other powers to find a larger quota of representatives for these commissions. The Anglo-French-United States treaty, providing for the defence of France in case of wanton attack, Mr. Lloyd George said, was contingent on ratification by the United States, but refusal by the United States to ratify the peace treaty would not necessarily affect the tripartite treaty provided the United States ratified the tripartite part separately.

Austria.

Another question related to the condition of Austria, concerning which a member asked whether the Supreme Council in Paris, including the United States or Great Britain, was taking steps to deal with the situation.

The Prime Minister declared that the Supreme Council had reached the conclusion that only a comprehensive arrangement for a large international credit would adequately meet the situation, and that it was essential for the success of the proposal that the United States should contribute that part of the expenditures which would have to be incurred in dollars.

"Urgent representations have accordingly been made to the United States Government in this sense," he added.

ALLIES TAKE HAND IN BALTIC REGION

Copenhagen, Nov. 27.—Via London, Nov. 28.—The Inter-Allied Commission has stopped hostilities between the Lithuanians and the Germans and Russians, and has directed the combatants to retire to the demarcation line of October 30, according to advice to the Lithuanian Press Bureau from Kovno.

The advice add that the Lithuanians acceded to this decision only on condition that the German Government would agree to surrender all German and Russian war material in the Baltic battle area to the Lithuanians.

Evacuation of the occupied districts, it is said, will be effected under Lithuanian control while the Lithuanians will suspend their offensive and guarantee the German and Russian army free transportation to Germany. The Inter-Allied Commission will superintend fulfillment of the conditions.

PENOBSCOT PAPER CO. HAS CHANGED HANDS

Lewiston, Maine, Nov. 28.—The sale of the controlling interest in the Penobscot Paper Company and subsidiaries by the W. H. Parsons Company, of New York, to Julius H. Barnes, of Chicago, United States Wheat Director, was announced to minority stockholders here to-day. The property includes four mills in this state and Nova Scotia, timber in this state, Quebec and New Brunswick, and a fleet of tugs and barges. The sale price was estimated to be more than \$750,000.

NEGOTIATIONS IN MINTO COAL FIELD

Sydney, N. S., Nov. 28.—Unless some satisfactory arrangement is arrived at by next Tuesday the miners at the Minto mine will come out on strike. Negotiations are still in progress between the miners and Mr. Quirk, of the Dominion Labor Department, but William Hayes, United Mine Workers' representative, has notified the Government that the men will quit work after Tuesday unless their demands are granted.

ITALIAN OFFICERS RETIRED.

Rome, Nov. 28.—An official decree puts on the retired list two generals, 1,600 superior officers ranging from colonels to majors, and about 20,000 subaltern officers. This is the first step in the reduction of the army to the lowest possible limit.

REGINA MAN COULD NOT WORK FOR MANY MONTHS, HE STATES

Rheumatism and Other Troubles Had Him in Bed Until He Took Tanlac

"All my friends comment on my healthy appearance since I began taking Tanlac," said Charles Tuck, who was up to a few years ago a farmer, but who now resides at 1058 Robinson Street, Regina, Saskatchewan, Canada, while in Kelly's Drug Store in Regina, a few days ago. Continuing, he said:

"For three years I have suffered a lot with rheumatism in my hips. It would leave me for a time, but would always come back. Sometimes I could hardly stand, and sometimes my legs would give way, and I would almost fall, and the pain from the jar would be something awful. I was also troubled with shingles on my side, and it would nearly drive me crazy. It would itch so bad at times it was simply unbearable. Between the two troubles I was in misery all the time, and for one whole year I gave up trying to do any kind of work, and spent most of the time in bed.

"On different occasions I had read of Tanlac in the newspapers, and as it seemed to be doing so many people good I decided to try it, and it gave me relief from the very start. I kept on taking it, and now I must say I feel like a different man. I am not troubled with rheumatism at all, and the shingles bother me very little. I am still taking Tanlac, and expect to be entirely relieved shortly. "My wife has been feeling very badly run down of late, and has been having pains in her back, so she helped me finish the last bottle, and felt so much better I am going to start her taking Tanlac regularly. I am so pleased with the benefit I have received from taking Tanlac I am glad to tell others about it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas Avenues.

BIG PRODUCTION OF CYANIDE IN CANADA

Vancouver, Nov. 28.—How German-made cyanide was forever displaced from the Canadian and American market by the Canadian product was explained to the Canadian Mining Institute in convention here yesterday afternoon by Horace Freeman, discoverer of the new formula, and a resident of this city.

With the hope of producing a cheaper grade, Mr. Freeman commenced his researches six years ago, making before the war a special study of the German product sodium cyanide. Shortage of supply, with increasing demands from South Africa after the war had commenced, proved a big incentive to increased effort, which ultimately led to success. The production of the plant, located at Niagara Falls, Ontario, for the last six months has been 10,000,000 pounds. One result of the grade of cyanide was that at Cobalt purer gold was produced at cheaper cost.

WILLIAM E. JOHNSON RECOVERS IN LONDON

London, Nov. 28.—William E. (Pussyfoot) Johnson, American prohibition worker, whose right eye was removed last night, spent a comfortable night, and with the exception of the effect of the anaesthetic administered for the operation, was feeling well this morning.

The operation was necessitated by an injury to Mr. Johnson's eye on November 15, when he was roughly handled by a crowd of students.

JEWELRY STOLEN FROM STORE IN WINNIPEG

Winnipeg, Nov. 28.—Thieves early to-day cut a hole about one foot square in the plateglass window of a local jewelry store and carried away whole trays of jewelry valued at \$850.

O'DONNELL ACQUITTED.

London, Nov. 28.—Father O'Donnell, the Australian chaplain arrested on August 15, charged with using traitorous and disloyal language, was acquitted yesterday by the court-martial which tried him.

Father O'Donnell denied all charges that he had used seditious language. He declared he was a Nationalist, and had never mentioned the King's name, except in eulogizing him.

TO HAVANA.

Montreal, Nov. 28.—G. T. Milne, who has been senior British Trade Commissioner in Canada and Newfoundland during the last eighteen months, has been transferred to the commercial diplomatic service of the Imperial Government and will leave on Saturday next for Havana, to take up his duties as secretary of the British Legation there.

PILES

Do not suffer another day with itching, bleeding or protruding Piles. No operation required. Dr. Chase's Ointment will relieve you at once and as certainly as you use it. Get a box; all dealers, or Edman's, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose to stamp to pay postage.

LADY ASTOR, M. P.

There are at least two women in the British Empire to-day whom the English-speaking world will heartily congratulate. The one is Lady Astor, the first woman to take her seat in the British House of Commons, and the other is Mrs. Emmeline Pankhurst, whose unswerving loyalty to the cause of woman's suffrage as well as her faithful leadership of a noble band of crusaders, did much to make it possible for the gentler sex to become legislators in the Mother of Parliaments.

Lady Astor's campaign is unique in the annals of British political life. Apart from the significance of her election to the House of Commons in such an important constituency as Plymouth, it is particularly interesting to dwell upon the fact that a Virginian should be the first petticoat member to invade the sacred precincts of Westminster. Moreover, her nativity has stood her in good stead. Throughout her campaign the new member has exhibited superlative tact under circumstances that might well have dismayed the most seasoned politician of the old school. American vivacity tempered with a complete understanding of British sentiment presented a combination that secured Lady Astor support from the outset. And British Peers as she is it is small wonder that she should remember her American traditions. Nevertheless her pride of birth has not been allowed to dim the value of her adopted citizenship.

Nor is Lady Astor a stranger to the social problems which will confront the country more especially during its recovery from war conditions. Her interest in political affairs by no means dates from the time of her nomination. And if she has been successful in getting more laughs out of an election campaign than the hardened politician thought possible, it is because her comprehension of present day conditions permits relief to percolate to some of life's sordidness through the agency of well-timed humor.

Lady Astor's majority over her Labor and Liberal opponents combined reaches 1,064, in itself sufficient evidence of Plymouth's belief in a woman member of Parliament to satisfy the most ardent opponent of woman's suffrage. The verdict, too, will doubtless hearten the women of Britain to a point where the general election of the future will take on new significance. Ten years ago, for instance, the day when a woman would take her seat in the British House of Commons was regarded as remote indeed—a possible future contingency against which the full weight of political usage would have to guard. Parliamentary tradition instinctively rebelled at the prospect of the petticoat legislator. It advanced its objections through all its agencies. Every unconstitutional demonstration which led the suffrage protagonists in battle array to Westminster was seized upon by "the defenders of the rights and privileges of the people" to weaken the woman's cause.

Never for one moment, however, did the women of Britain lose heart. Mrs. Emmeline Pankhurst and her band of unconquered crusaders employed intelligence and energy in addition to other processes which, at various periods of the campaign, had the effect of alienating public sympathy to a very considerable extent. But when war broke out the women of the country transferred their militancy and threw the whole weight of a perfect organization into the nation's defenses. How magnificent a part the women of Britain played during four and a half years of national anguish no historian may ever tell. A grateful country, however, brushed away its traditional prejudices and demonstrated its recognition of service well and truly performed by accepting its womanhood on equal footing with its menfolk.

Lady Astor's entrance to the House of Commons, therefore, marks the dawn of a new era in British parliamentary life whose effect on the country's political evolution offers vast possibilities.

MR. FLUMERFELT'S REPLY.

When International Rotary invited its many branches to discuss the question of industrial unrest and to offer remedial solutions, it inaugurated a policy as affecting subjects of world-wide importance that might well be emulated by other progressive national and international bodies. It must be understood, therefore, that The Times is heartily in accord with such part as the local Club is able to take in response to the suggestion from the parent body. On that account we do not hesitate to extend to the general public through these columns the interest which should be manifested in a subject of individual concern to every man and woman in Canada. Only by exhaustive research into the country's state of mind can it be understood, and as long as the majority fails to take its part the insidious propagandist gets in his work unhampered.

In his address to the Rotary Club yesterday Mr. Flumerfelt questioned our interpretation of his plan of a wage unit as applicable to a classified artizanship. We pointed out on a previous occasion that if the basis of a wage standard were to be reached by classifying labor at its marketable value, without regard for family requirement as a fundamental consideration, it would work hardship in cases where the wage for common labor would have to provide the necessities of life for a large family. That is to say, a laborer receiving a wage of twenty-five dollars a week—that being the applied unit—might easily

have to support a wife and six children, while the skilled artizan, classified at thirty-five dollars a week by reason of his superior knowledge and ability, might be the father of a small family. We contended, therefore, that a series of wage units determined from time to time by fluctuating living costs, would be ineffective unless it contemplated corresponding family needs.

Mr. Flumerfelt argues—and we agree with him—that bachelors should pay for their doubtful single bliss and so provide a fund to meet such inequalities as would result from the working of the unit wage principle proposed. This provision, however, is merely a means by which revenue might be created. Nor does Mr. Flumerfelt's suggestion of flexible gold help the laborer with a large family unless due allowance is made for his minimum living requirement before a working relationship between an elastic dollar and a fluctuating living cost commences.

Our criticism of Mr. Flumerfelt's report is essentially friendly and we realize that the man or body of men who discover the solution for the restless condition of the world to-day will earn posterity's everlasting gratitude. But the apparent hopelessness at the present time is no reason why the Rotary Club and other public bodies should not devote themselves to its study. It is bound to do good, because the creation of a better understanding of man's obligation to man is the most deadly foe with which the Bolshevik and the reactionary have to contend.

IMPERIALS TO COLONIZE HERE.

Soon after it became apparent that one of the certainties of war would be a returned soldier problem a number of projects were submitted to the Dominion Government leading to the settlement of soldiers on the land on co-operative lines. It was not until the Empress of Asia community plan materialized early this year that serious regard was paid to the proposed innovation. The Federal authorities frowned on it from the outset and the Hon. Arthur Meighen pronounced it as economically unsound in principle. Merville and Creston, the two soldier settlements established by the Provincial Government, however, show prospects of complete success.

A Kamloops dispatch to The Vancouver Daily Province now announces a further step towards community settlement, this time sponsored by the Dominion Government. It is stated that 80,000 disabled imperial veterans, many of whom are suffering from chest and lung trouble, are to be established in British Columbia by an extensive programme to be carried out by the Department of Soldiers' Civil Re-establishment. The Indian Reserve at Kamloops is to be taken over by the Department and utilized as the centre for a gigantic soldier colonization scheme.

The reserve in question comprises some of the finest land to be found in the interior. It is hemmed in by the North and South Thompson Rivers, adjacent to an elaborate irrigation system, within a stone's throw of the C. N. R. and C. P. R., and generally possesses much to aid the plan. Moreover, in addition to its physical adaptability there is, perhaps, no climate in the world better suited to assist the tubercular subject to complete recovery.

The proposal, as far as Kamloops is concerned, has had many warm advocates for more than three years, and development of the details will be watched with considerable interest. Only by concerted effort will it be possible to obtain for British Columbia the population in which she stands in need.

THE CONTRAST.

An American writer contrasts the Nanny Langhorne of twenty-odd years ago with the new member for Plymouth in the following manner:

TO-DAY: A British Viscountess, wealthy beyond imagination, still beautiful, turning from the world's pleasures with which she has been surfeited to seek new excitements in the field of British politics candidate in yesterday's election for a seat in the House of Commons; using her old wit and fluency, and sometimes displaying her old temper, in a picturesque campaign among the rough elements of her neighborhood, still the same Nanny Langhorne who contributed to the fame of the "five Langhorne sisters" and made beauty a by-word.

The sombre-coated gentlemen of Westminster will have to mind their "p's" and "q's" when Lady Astor takes her seat or she may recall the type of rebuke that Nanny Langhorne could administer twenty years ago.

HAPPY "HIGHFLYER."

(The Westminster Gazette.)
One of the oldest British warships remaining in full commission is the light cruiser Highflyer, in which the flag of Rear-Admiral Sir Hugh Topham has now been hoisted as Commander-in-Chief in the East Indies. Although criticized on various grounds, the retention of this vessel, which first served as flagship in the East Indies as long ago as July, 1900, has a sentimental interest for many officers. When she has not been in the East Indies, the Highflyer has been employed in the training of cadets, and the large number of lieutenants now serving in all parts of the world who had their first taste of sea life in her will be glad to see that she has been spared for a while yet. Her luck was certainly in when the war began, for, being on a cruise with cadets in the Atlantic, she happened to fall in with the Kaiser Wilhelm der Grosse, a 14,000-ton vessel of the Hamburg-America Line, which was being used as a raider, and after a brief duel the latter was sunk on August 26, 1914—the first German raider to be destroyed in the war. The event called forth a flamboyant telegram from Mr. Churchill beginning "Bravo!" and for a long time the ship was nicknamed "Happy Highflyer," and was envied by the whole of the British Navy.

THE ONLY WAY.

(The New York Evening Sun.)
Every intelligent leader is trying to rally his people under the unpopular but inevitable standard of hard work. Only by victory under this flag can the world escape sliding down into the putrescence of Bolshevism.

80,000 IMPERIALS
COMING TO B. C.

(Continued from page 1.)

M. P., of Vancouver, and a number of prominent men in this city have been advocating this scheme for many months.

DREAMS COME TRUE.

Kamloops' dream of a great garden city of returned soldiers in the midst of their bids to come to rest in the land of the west, that Ottawa has approved, the extensive plans, is received here with un-mixed enthusiasm.

The Indian Department, it is understood, has perfected arrangements to place the natives on other lands, almost as productive as those from which they will go, but not quite so central. The British Columbia Indian, while he occasionally makes a good farmer, is inherently inclined to a lazier existence than he is compelled to follow if he would become a successful producer. There has long been a feeling here that the Indians should not be permitted to occupy the best land and not cultivate it intensively, as is their habit.

Hon. Arthur Meighen, Minister of the Interior, has taken a particular interest in the Kootenay colonization project since it was first laid before him in 1917. He now advises Mr. Fulton that the issue, final action on which was delayed until the annual departmental reports were compiled, is to be immediately taken up with the Soldier Settlement Board, and he has issued instructions for prompt action.

For Any Soldier.

It is proposed that the new colony shall be open for occupation by any soldier in the Dominion and for ex-Imperial, especially for those men disabled through being gassed. Climatic conditions in this district are particularly well adapted for the permanent betterment of such men.

The Provincial Government, it is said, has endorsed the scheme in its entirety and a feature of the big project which undoubtedly will appeal to those concerned is that it will entail extensive water power development on the Adams River. This not only includes the reclamation of much land which may be needed in the scheme, but will furnish opportunity for a large body of men during the construction period.

LADY ASTOR FIRST
WOMAN TO TAKE SEAT
IN BRITISH HOUSE

(Continued from page 1.)

The straw that indicated the result during the count was a vote of a woman regarded as a Labor hotbed which gave 67 votes for Lady Astor, 50 for Gay and 14 for Foot. The Liberal candidate conceded two weeks ago that he was out of the running.

Lady Astor became a candidate for the Plymouth seat in the British House of Commons after the death of Viscount Astor of Haverhill, had left her husband heir to the title and necessitated his retirement from the lower House of Parliament. Mr. Lloyd George, Mr. Balfour, former Secretary of State for Foreign Affairs, and Admiral Baron Fisher, former First Sea Lord, were among various notables who gave a hearty approval of her candidacy. Labor legislation was the chief issue during the campaign, which at times assumed quite bitter aspects.

Lady Astor, who became the first woman seat-holder in the House of Commons, formerly was Miss Nancie Langhorne, of Virginia. She is the mother of six children, a fact of which she boasted on one occasion during her campaign.

As pointed out in the dispatches, Lady Astor will be the first woman to take a seat in the House of Commons. Countess Markievicz was elected member from the St. Patrick's division of Dublin in the general election last year, but with the other Sinn Féiners elected in Ireland has never taken her seat.

The Vote

The vote showed Lady Astor to have a majority over all of 1,064 and a plurality of 5,268, compared with 8,289 for the Liberal candidate, her husband, then Major Waldorf Astor, at the last general election. Gay, then also the Labor candidate, received 5,334 votes in that election to 17,091 for Major Astor, while Captain S. Ransom, the Liberal candidate, received 3,488 votes.

Unionist Elected.

London, Nov. 28.—In the by-election in the Isle of Thanet division of Kent on Saturday, November 15, Edmund Harcourt, Unionist, polled 7,711 votes, defeating Captain A. J. West, Liberal, who received 7,058.

Mrs. Pankhurst's View.

Vancouver, Nov. 28.—"Lady Astor has been elected to a seat in the House of Commons at a time fraught with danger to representative institutions in England and throughout the world," said Mrs. Emmeline Pankhurst, when questioned this morning on the result of the Plymouth by-election in the mother country. "I can only say that my earnest wish is that she will be equal to the tremendous responsibilities she has undertaken."

Mrs. Pankhurst added that her life work had been the fight for "equal opportunity" for women, the right to choose the representatives they deemed fit. "That would not necessarily mean a woman," said the distinguished suffragist, "but that individual who would strengthen the Government. Naturally women everywhere will hope with me that the first woman elected to the British House of Commons will prove to be one of its strongest links."

"Appalling are the subtle efforts of the Bolsheviks in every country," said Mrs. Pankhurst, to undermine democratic government. There is need for giant minds to guide us."

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, November 28, 1894.

News was brought to the city last night of the finding of a body of a Japanese, who had evidently committed suicide. Beside the Jap lay his dog, which the Oriental had evidently shot to prevent it from starving. The Victoria Civic Improvement Association is now an organized body. The meeting that formed the Association was held in the Board of Trade Hall last night. Those familiar with the Cape and the West Coast are inclined to believe that the lost ship Ivanhoe foundered just outside of the Cape and that much of the wreckage and possibly the bodies will come ashore in Barkley Sound.

CLERK OF COWICHAN
MUNICIPALITY DIES

J. W. Dickinson Passed Away
in Vancouver Last
Evening

Duncan, Nov. 28.—J. W. Dickinson, Clerk of the Municipality of North Cowichan and a recognized authority on municipal government, died last night in Vancouver. He had been ailing for some time past, and a few weeks ago entered a Vancouver hospital to undergo several serious operations. Undermined by continual ill-health, his system failed to rally from the shock of the operations and he passed away last night.

The late Mr. Dickinson had occupied the office of Municipal Clerk of North Cowichan for some years past. He had an extraordinarily comprehensive knowledge of municipal law, and throughout the whole Province was regarded as an authority. He took part in the proceedings at the convention of the Union of British Columbia Municipalities held in North Vancouver last month, and the news of his death will come as a great shock to his conferees at that convention, as well as to his many friends on Vancouver Island. The late Mr. Dickinson is survived by a widow and family. One of his sons fell during the war. The funeral will be held in Vancouver to-morrow at 2 o'clock.

A WISE BOSS.

Employer (to clerk)—If, that boss, Smithers, comes in, tell him I'm out—and don't be working, or he'll know you're lying.

GAMBLE

if you must, but remember you are only "taking a chance," and often a very long one.

It is not safe to gamble or take chances on unknown quantities.

There are hundreds of different talking machines on the market to-day, all using high-sounding phrases and adjectives, and making all sorts of claims in an endeavor to prove each one superior, and in purchasing many of these you are gambling and taking chances.

To eliminate all elements of chance, gamble on a SAFE thing and purchase an Edison Phonograph, manufactured by Mr. Thomas A. Edison, who first gave to the world the reproduction of sound, and who has made the perfection of his phonograph his personal hobby.

There is no element of gambling when you purchase a phonograph with Mr. Edison's name on it, because you are SURE of perfect satisfaction.

WANTS INVESTMENT ADVISORY BOARD HERE

Retail Merchants Hear Plan
to Safeguard Industrial
Promotion

To build up the industrial side of Victoria, retail merchants of the Board of Trade last night considered the proposal put forward by Alfred Carmichael for the establishment of an Industrial Board, which would pass on the worthiness or otherwise of industrial schemes presented to the public.

"This Industrial Board should be formed of retired business men who have no axe to grind, but who have Victoria's welfare at heart and are willing to give their services, examining and reporting on industrial proposals submitted to them, so that the promoters of such industries can go to the public for assistance armed with the endorsement of that Board," said Mr. Carmichael.

"Thus we who may not have the time and knowledge necessary to examine the proposal and form an intelligent opinion of their merits would gladly subscribe what we could without hesitation. We know that there is no lack of money in the city. The difficulty has been to pry it loose from its moorings."

"There are many small industries which could locate here to the advantage of the industry itself as well as to the city. We have watched with interest and pleasure during the last few years the growth of several of these industries, from very small beginnings to establishments of considerable importance."

"But the citizens of Victoria are lamentably slow to back up projects originated by Victorians. It is time for Victorians to treat sympathetically projects of merit originated within the city."

GOVERNMENT HOUSE CONCERT AND DANCE

Popular Artists to Assist at
To-morrow's Functions;
Musical Club Auspices

In addition to the dancing which is to be a feature of the delightful social function to be held at Government House to-morrow afternoon, an attractive musical programme has been arranged for the delectation of the older patrons and for those who do not dance. The affair is being arranged by the Ladies' Musical Club, but it is open to the public and it is anticipated that there will be a big crowd of visitors at the function, which will be held between the hours of three and six o'clock.

Mrs. Nash, the club president, is convener of the musical programme, and she has assembled an attractive array of talent for the occasion. Vocal duets will be contributed by Mr. and Mrs. C. H. Dennis, newcomers to musical club events; vocal solos by Mrs. Shaw, Mrs. Jesse Longfield, and Lieut. R. R. Webb, always popular favorites, while Miss Mary Izard, the gifted young violinist, and Miss Long, the pianist, will render instrumental selections. The concert programme will be given between the hours of three and four o'clock, after which tea will be served in the dining-room and dancing will take place. The music for dancing is to be furnished by Miss Thain's orchestra.

The whole of the proceeds of the event will be devoted to the sinking fund of the Ladies' Musical Club, and the club executive hope that a goodly sum will accrue to the fund as a result of Lady Barnard's generous hospitality in placing Government House at their disposal.

CHORAL SOCIETY'S SOCIAL AND DANCE

Last evening the Victoria Choral Society held a social and dance in St. John's Hall, Herald Street, the objects being to enable the members to become better acquainted with each other and also to augment the music fund. There was a very large attendance, and dancing was indulged in until 1 a. m.

Thomas Kelway and Mrs. J. Bain Lambert gave two solos each to a very appreciative audience. Mr. Kelway is the possessor of a magnificent tenor voice and knows how to use it to the best advantage. Mrs. J. Bain Lambert has a pleasing soprano voice and sang with feeling. Mrs. H. F. Helmsing, L. R. A. M., acted as accompanist in her usual sympathetic and efficient manner.

Card tables were arranged for the guests who did not indulge in the "light fantastic" and Mrs. Radbourne and Mrs. Symons and those ladies who helped to provide the supper deserve every congratulation. Dr. Houghton provided the music throughout the evening and was very generous with his encore, which were many. The officers of the Society wish to express their gratitude to all who helped to make the function the enjoyable success it proved to be.

There is room in the Choral Society for several tenors and basses and the secretary, H. F. Helmsing, would be very pleased to receive applications at room 202 Stobart-Pease Building.

It is hoped to present Henry Smart's "Bride of Dunkerron" on January 14 next and the following local artists have promised to take the solo work: Miss Eva Hart, Messrs. H. J. Davis and E. Petch.

The New D and A Practical Front Corset For the Average Stout Figure

This is a newly patented Corset, that gives a perfect straight front effect. A corset that permits quick and perfect adjustment to the figure at each wearing. It is made from strong white coutil, and the inner front section of high-grade elastic holds itself to the body and automatically forces the wearer to put the corset on properly. The elastic section closes with a light-weight corset clasp, the outer section lacing like a shoe; the clasp and lacing coming directly in the middle of the body. The corset can be adjusted in a few seconds. The effect on the figure is wonderful, and the comfort experienced by the wearer most remarkable. This splendid D. & A. corset sells at **\$6.50**

IN WOMAN'S DOMAIN

Social Personal
Mrs. Richard Marpole is in the city from Crofton.

Senator Shattford arrived in the city yesterday.

Captain and Mrs. Douglas Groves, of Westholme, are staying at the Empress Hotel.

Mr. and Mrs. C. E. Ayton, of Manila, P. I., have registered at the Empress Hotel.

Mr. and Mrs. Cuthbert Burgoyne, and sons, of Oxbott, England, arrived in Victoria yesterday.

Mr. and Mrs. Walter Hardy and daughter, of Tientsin, China, are registered at the Empress Hotel.

Alderman Hill, of Port Alberni, who has been a guest at the Dominion Hotel, returned home to-day.

H. S. Stevenson, the well-known local business man, has left for the O. C. Country to consult a specialist about his eyes.

Mrs. J. R. Reid has returned to her home in Vancouver after being the guest of her brother, S. J. Drake, of this city, for the past few days.

Miss Mabel Eberts, of Victoria, is leaving in a few days for Seattle, where she will join Miss Marjorie Tonkin en route to Salt Lake City to visit for several months.

Miss Leitch, president of the provincial branch of the King's Daughters, returned home to-day from Vancouver, where she has been spending the past few days with relatives.

Mrs. Emmeline Pankhurst was the guest of honor of the officers and executive of the Women's Canadian Club at a charming little tea held at the palm court at the Empress Hotel yesterday afternoon.

Mrs. A. D. Hardy and her daughter Dorothy have returned to their home in this city after spending the past few weeks on the mainland, visiting Mrs. Kendall, of Burnaby Street, Vancouver, and other friends.

Victoria delegates at the meeting of the Canadian Mining Institute in Vancouver include C. R. Ayland, James Dickson, G. B. Dixon, Thomas Goldsby, J. D. Galloway, C. F. Monckton, J. R. Kingham, Hon. E. G. Prior, W. F. Robertson, Provincial Mineralogist, G. Kilburn, Geo. E. Winkler and D. E. Whittaker.

A happy crowd danced till an early hour this morning at the Carter Hall, the occasion being the inaugural dance of the series arranged by the Ladies' Auxiliary to the Army and Navy Veterans' Association. An excellent programme of music was given by Mrs. Roberts' orchestra.

The success of the affair was largely due to the conveners, Miss Elsie Hodgson, assisted by Mrs. Richards and Major Rowlinson. A buffet supper was served during the evening.

Many callers attended the reception held at the home of Mrs. Arthur Lee, 535 Truett Street, yesterday afternoon in honor of a recent bride, Mrs. (Dr.) W. Howard Miller, nee Pauline Lemon, of Kansas. The reception rooms were beautifully decorated with pale pink carnations and greenery, the same flowers being used in the adornment of the tea tables at which Mrs. D. J. Miller and Mrs. (Dr.) Clemence presided.

Mrs. Miller was assisted in receiving by her mother-in-law, Mrs. Lee. Little Miss Gertrude Hicks attended the door, and the guests were ushered into the reception rooms by Mrs. Lee.

Will Spencer, assisted by the Misses Winnie Lee, Thelma Burgess, Dorothy Quine, Olive Robinson and Lexa Brown. During the afternoon Mrs. Gideon Hicks and Mrs. James Cameron contributed vocal solos very charmingly, Mrs. Cameron officiating as accompanist.

CHILD WELFARE IS FULLY DISCUSSED

Diseases Should Be Routed During Childhood, Says Dr. C. H. Vrooman

Practically everyone has the germs of consumption lurking in their systems, and when the body is weakened through other illnesses the germs multiply so fast as to make the victim a confirmed sufferer from the dread disease. The germs were picked up by children playing in the streets and in public places, and it was to the careless habit of spitting that the spread of the germ was due. So long as the infected one was healthy in other respects the system was constantly fighting and destroying the bacilli and there was no danger, but it was when weakness assailed a person that tuberculosis got in its deadly work.

Dr. Vrooman's Remarks.
The above were some of the statements made by Dr. C. H. Vrooman, who gave an illustrated lecture at the First Congregational Church last night in connection with the Child Welfare Campaign. The meeting was well attended, and was very enthusiastic. After listening with deep interest to Dr. Vrooman's remarks, the meeting unanimously adopted the following resolution:

"This meeting urges the Provincial Government to make adequate institutional and other provision for treatment of all tubercular patients in the Province."

Dr. Vrooman traced the history of tuberculosis up to the present period of scientific curative methods. One great plague alone had wiped out twenty-five million souls in Europe at a time when the total population was less than one hundred million.

Drugs were of no avail in attempting to kill the germ, the medical science had proved that the demise of the germ was invariably accompanied by that of the human being. The body will overcome infection when given an opportunity, through good food and healthful surroundings.

It was the institution of the first sanatorium for consumptives that had resulted in the accidental discovery that fresh air, rest and good food were remedial agents and proved that a disease, believed incurable, was capable of control in all but extreme advanced cases. For this reason it is imperative that the machinery should be kept constantly in motion for the promotion of good health.

Loss in Province.
Dr. Vrooman stated that four hundred men and women in the prime of life died annually in British Columbia from consumption. "The tax which consumption levies on our people must be paid in terms of the best of the race, the vast majority taken are between eighteen and thirty-six years of age, and it is a fact that in the coming six years we may accurately forecast that this disease, by itself, will demand a toll equivalent to that which Canada paid in the war for world freedom," he said.

"If the people would express a desire to have remedial methods adopted, the Provincial Government would, he felt sure, be only too willing to take the necessary steps, which, of course, entailed considerable expenditure of money."

"I can tell you that the Government has its ear close to the ground, to listen for the tone of public opinion. If you want to be taxed for this life-saving, then make yourselves heard and the Government will take action on this very matter in the same manner as they have on other important questions. They are the servants of the people, they will do what will be popular and nothing less or more."

"The lives of youthful citizens are easily worth \$5,000 apiece, the cost of saving tuberculous people in the early stages is small, if you want to make this investment and tell the Government so, it will be done. It

Successful Dance
Shipyard Union Spends Enjoyable Evening in Labor Hall.

The Shipyard Riggers, Fasteners and Laborers' Union held a very successful dance last evening in the Labor Hall, North Park Street. There was a very large attendance and a most enjoyable time was spent. Dancing was carried on until the early hours of the morning. The music was furnished by Beatty's orchestra. A card party was held for those not dancing.

The committee in charge of the event was composed of F. C. Binden, T. Lavis, P. O'Hara, Frank Slavin and T. Beatty. Much credit for the success of the event was due to the energetic ladies' committee

composed of Mesdames Glover, Bell, P. Potter and Binden.

A tombola with thirty-seven prizes was a feature of the evening's entertainment, handsome prizes donated by leading merchants of the city being the award of the holders of the lucky numbers.

Army and Navy Veterans in Canada—Members of the Army and Navy Veterans in Canada (Victoria Unit) are requested to be in attendance at the Thomson Funeral Parlors, Quadra Street, to-morrow (Saturday) at 2 p. m. to attend the funeral of Comrade G. R. Ainsworth-Ball.

composed of Mesdames Glover, Bell, P. Potter and Binden.

A tombola with thirty-seven prizes was a feature of the evening's entertainment, handsome prizes donated by leading merchants of the city being the award of the holders of the lucky numbers.

Army and Navy Veterans in Canada—Members of the Army and Navy Veterans in Canada (Victoria Unit) are requested to be in attendance at the Thomson Funeral Parlors, Quadra Street, to-morrow (Saturday) at 2 p. m. to attend the funeral of Comrade G. R. Ainsworth-Ball.

More New Arrivals in BOYS' SUITS

If it's something new in Boys' Clothing you may rest assured you'll find it at "Wilson's."

"The Clinton" at \$9.75

The "Clinton" is for the little man. A suit of dark brown mixture made with the new one-piece back, slash and welted side pockets. There's the breast pocket and the collars are tailored.

We almost forgot to mention that they also have the belt and buckles, just like "big brother's." Pants are all in the straight styles. Sizes for 3 to 8 years, and the price is the biggest and best feature—only.....\$9.75

"The Thornton" \$19.50 to \$23.00

The "Thornton" is for the young fellow of 11 to 15 years. A suit made of good strong Hewson tweed, in plain styles, with slash pockets, belts and buckles. The cloth is extra heavy, durable and warm. The best suit for school wear. Pants are of the bloomer style only. This suit might be termed an "ironclad" suit, for it is built for service and will give it. At their respective prices they are exclusive "Wilson's" values.

NAVY BLUE SERGE SUITS for boys of 8 to 15 years. A splendid range in all styles. The ideal suit for "better" wear. Prices \$24 to \$35.

TAKING TEMPERATURE
OF AIR IN MACHINEThermometer Dropped as
Pathfinder No. 2 Rose to
Higher Altitudes

On all future flights made by the Pathfinder, a thermometer will be carried in the machine for the purpose of ascertaining the temperature of the air at the different 1,000-foot levels reached by the machine. This work is being done for F. Napier Denison, of the Dominion Meteorological Service.

The results of a test taken in Pathfinder 3 on Monday last prove of interest. They are as follows: Ground temperature, 54 degrees; 1,000 feet, 55 degrees; 2,000 feet, 53½ degrees; 3,000 feet, 51 degrees; 4,000 feet, 47 degrees, and 5,000 feet, 42 degrees.

Mr. Denison explains that one degree higher at 1,000 feet than on the ground may be due to local surface heat. The results from time to time will, no doubt, prove most interesting.

BROAD STREET BILLIARDS.

B. Newman's team played E. Newman's in the Broad Street Billiard League last night.

B. Newman	300

Greaves vs. H. Featherstone.

NEWS IN BRIEF

Fire in Outhouse.—An outhouse at the rear of premises at 560 Cornwall Street was badly burned about half-past eight last night. The fire department extinguished the flames.

One Coming Here.—The British Columbia Returned Soldier Commission, Parliament Buildings, has been advised by telegram from the O. C. Clearing Depot, Halifax, N. S., that the following man from the S. S. Meaganic left there on November 27 for Victoria: Pte. T. S. Frier, care of V. Lynn, 1314 Pembroke Street.

Women's Institutes.—The directors of the Garden City Women's Institute beg to suggest that all representatives of Institutes attending the funeral of Mrs. Blackwood-Wileman, late chairman of the Advisory Board of Women's Institutes, should wear their colors as a token of regard. The colors are green, white and gold.

Kick in Near Beer.—Two drunks who appeared in the police court this morning informed Magistrate Jay that they had drunk nothing but "near beer" yesterday afternoon. They were picked up by the police in an intoxicated state. They were each fined \$5.

Brewery is Charged.—The Victoria Phoenix Brewery was charged in the police court this morning with selling beer over 2½ per cent. proof spirit to Miss M. Brooks, of the Waverley Rooms, on September 29. Barnard, Robertson, Heisterman & Tait, appeared for the brewery and pleaded not guilty. The case was remanded until Thursday of next week.

At the K. of C. Hut.—The weekly military five hundred and dance will be held at the K. of C. Hut.

A BEDTIME STORY

UNCLE WIGGILY AND THE WOODPILE.

Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

It was Thanksgiving Day, and Uncle Wiggily Longears, the bunny rabbit gentleman, was asleep in an easy chair in his hollow stump bungalow. Nurse Jane Fussy Wuzzy, his muskrat lady housekeeper, had gotten up a fine Thanksgiving dinner, and Uncle Wiggily always went to sleep after dinner.

Nurse Jane, though, couldn't go to sleep, for she had the dishes to wash after the Thanksgiving company had gone home, and she had the kitchen to put in order and all things like that. Housekeeper ladies, whether they are muskrats or something else, always have to wash dishes on Thanksgiving Day.

"I'll just give Wiggily a cold bite for supper," said Nurse Jane to herself, as she saw the bunny rabbit sleeping in his easy chair.

And after Nurse Jane had finished her kitchen work, she, too, went to sleep in another easy chair. And when she awakened it was time to get supper. For, no matter how much you seem to have for Thanksgiving dinner, it always comes time for supper.

"I'll just give Wiggily a cold bite," said Nurse Jane again, but when she saw how Uncle Wiggily's pink nose was twinkling in his sleep she hadn't the heart to do it, so she said:

"Oh, I'll just go out to the woodpile, and bring in a few chips to make him a hot cup of tea. If he has hot tea he won't mind eating cold roast pumpkin."

Going softly out of the bungalow, so as not to awaken Uncle Wiggily, Nurse Jane began to gather up some pieces of wood, but all of a sudden she knocked down a lot of sticks, and they made such a noise that Uncle Wiggily heard them, even in his sleep.

"Hello, there! What's the matter?" he cried, jumping out of the easy chair. "Is the bad Pipsisewah after me again?"

"No, I'm just bringing in a few chips to make you a cup of hot tea."

Get Rid
of Your Fat

Thousands of others have gotten rid of their WITH-OUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of overweightness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany overweightness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are overweight do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

COMMITTEE CONSIDERS
HOUSING LOANS AGAIN

Consideration of applications for loans under the Federal Housing Scheme continued this morning when the Housing Committee of the City Council held another session. Since its last meeting seven more soldiers have filled in questionnaires in requesting loans. The aldermen composing the committee debated each individual case in detail, but reached no decision one way or the other. A number of applicants appeared before the committee also and requested housing loans. So far the committee has recommended only seventeen loans. A further meeting will be held on Monday, when it may be decided to recommend additional loans.

OBITUARY RECORD

At the Royal Jubilee Hospital this morning the death occurred of Joseph J. Butcher, aged 71 years. An Englishman by birth, he had been a resident of Victoria for the past two and a half years. The funeral will be held from the B. C. Funeral Chapel tomorrow at 11 o'clock. Rev. Gilbert Cook officiating. Interment will be made at Ross Bay cemetery.

The funeral of the late Elizabeth Adeline Blackwood-Wileman, wife of R. B. Wileman, who passed away in Calgary on November 24, will take place on Monday, December 1, the cortege leaving the Sands Funeral Parlors at 1:45 o'clock. Fifteen minutes later service will be conducted at Christ Church Cathedral by Bishop Schofield. Interment will be made at Ross Bay cemetery. The late Mrs. Blackwood-Wileman had been a resident of Quamichan Lake for the past six years, and leaves to mourn her loss her husband and one daughter and four sons by her previous marriage.

Medical Inspector for Sooke.—The Provincial Gazette contains notice of the appointment of Dr. Richard Felton, of Sooke, to be Medical Health Officer and Medical Inspector of Schools for the Sooke district.

Phones, 1876; First Floor, 1877; Blouses, Lingerie and Corsets, 1878
Sayward Building Douglas Street

be held to-night at the K. of C. Army Hut, Fort Street, for all service, ex-service men, and their lady friends. Cards will commence at eight o'clock, and will be followed with dancing until midnight. As usual admission will be free.

Industrial Commission.—A meeting of the Advisory Board to the Industrial Commissioner was held in the Parliament Buildings this morning, when further applications for assistance in establishing industries under the Industrial Act were considered.

Upheld Conviction.—Judge Lampman has upheld the decision of Magistrate Jay in the Silver Spring Brewery Case. He handed down his judgment yesterday, and stated that he thought the conviction was right, and therefore, quashed the appeal.

The Silver Spring was charged with selling beer over two and one-half per cent. proof spirit.

Santa Claus at Spencer's.—To-morrow Santa Claus will arrive in Victoria by the aerial route. His method of delivering presents by reindeer and sleighs has proved too

slow for this fast moving age and he has engaged the local aeroplane Pathfinder No. 2 to carry him about. He will make his headquarters at Spencer's.

Decalcomania Santa Claus.—What decalcomania Santa Claus are had Commissioner McAdam of the Victoria & Island Development Association to-day looking up dictionaries reference books and calling up business houses in the city that are supposed to know most things.

All the fuss arose over the fact that the Meyercoed Company of Chicago, had notified the Merchant Display Service of Victoria that six of these animals had been shipped here for their attention. The Post Office officials could find no trace of the Victoria company referred to and thought that Mr. McAdam's staff might as well be given the job of looking after the things when they arrive. Mr. McAdam does not know whether he will need a cage or a pool of water for them when they come.

Dr. O. M. Jones Chapter.—At the regular monthly meeting of the Dr. O. M. Jones Chapter, I. O. D. E., last

night, Mrs. Gordon Evans and Miss Helen McIntosh were enrolled as members. Mrs. Langford, Mrs. York and Miss McIntosh volunteered to visit the convalescents in the Craigdarroch and Jubilee Hospitals. It was decided to hold no meeting in December, the regular meeting date falling on Christmas Day, but final arrangements for the chapter's "Balloon Day" to be held on December 27, were completed. On that occasion every resident of Victoria will have the opportunity of contributing to the milk fund of the Dr. O. M. Jones Chapter. It will be a unique event and the city will undoubtedly assume the appearance of an old-time circus day, with the vendors of gaily colored balloons stationed at every corner. It is believed that the balloons will prove a particularly attractive tag to the kiddies.

PLAN "GET TOGETHER" FOR PRAIRIE PEOPLE

If looks as if Prairie people living here permanently and those just spending the winter here will not

have to wait long now before the plan is completed for a big "Prairie Get-Together" in the form of some sort of a social entertainment or a blizzard dance.

The question is to be taken up at the meeting of the Prairie Club next Tuesday evening, when proposals of Commissioner McAdam of the Island Development Association and Robert Playfair, of the Prairie Club, will be discussed. Besides this feature "Get Together" the meeting will discuss plans for regular Prairie entertainments during the whole winter.

After reaching a certain height flying men suffer considerably from airsickness. It is now suggested that Nature has provided a remedy for this, for in the Cordillera Mountains of South America grow two herbs which instantly abate mountain sickness, vertigo, and breathlessness. They are known as cha-cha-coms and polea-pixpita, and grow as leafless, juicy shoots on a dwarf tree. The shoots are full of a hot aromatic water with a peppery flavor. Scientifically developed, it is possible that an alkaloid may be extracted from them which will enable men to climb to heights undreamt of.

Christmas TOYS

Only a limited supply of Christmas Toys will be available from the world's markets this year and an early selection is advisable.

You will find at our store a wide range of—

BABY BUGGIES, GO-CARTS, TRICYCLES, SHOOLIES, TOY AUTOS, WAGONS, ETC.

All at most reasonable prices.

SAY TOO MANY YOUNG MEN MADE LOAFERS

Retail Merchants Agitated Over Crowds of Young Men Working Raffles

Too many young men in Victoria are learning to be loafers and becoming good for no work at all by simply spending their time wandering around selling raffle and subscription tickets of various kinds, according to retail merchants, members of the retail section of the Board of Trade, who discussed the future of these young men last night.

"And there are new fellows on the job every day," said Gilbert D. Christie. "There are too many of these raffles going around. You are held up by too many fellows with raffle schemes for automobiles and other things. They are going around every day. Now that the war is over I don't see why these things are not done away with."

"We as retail merchants put up with too much. If you figure up at the end of the year the amount you put out for concerts and dances you find that it eats up your profits."

Mr. Christie said that the raffle of the automobile by returned men was different from some of the schemes, as these returned men are trying to get a home for their organization.

"A lot of the young men selling tickets would be better employed at some useful work," said J. E. Wilson. "They are just wasting their time and learning to be loafers."

Dealing with some of the schemes being boasted in the city, Peter Gardner, clerk to the Board of Police Commissioners, informed the merchants that the opinion of City Prosecutor C. L. Harrison was that if there is a drawing to determine the holders of what numbers are entitled to prizes the scheme is illegal as a lottery.

"If you know of any such cases the Board would thank you to assist the police by reporting them," Mr. Gardner added.

"With regard to guessing contests, the Board is advised that these are not illegal."

The Vancouver Board of Trade pointed out that it was instrumental in having these contests stopped in Vancouver.

"We have taken the matter up with the police commissioners and expect to hear from them within the next few days about the identity of the organizer of some of these guessing contests," the Board stated.

It was added that efforts were to be made to secure legislation to put an end to such things.

SAYS VICTORIA IS ASLEEP TO WEST COAST OPPORTUNITY

Alfred Carmichael Declares Victoria Neglects Natural Commercial Field

The West Coast of the Island is Victoria's own field for commercial development, according to Alfred Carmichael, who spoke to the retail section of the Board of Trade last night. He pointed out, however, that Victoria merchants had not awakened to their opportunity in this field, and might remain idle while Vancouver stepped in and appropriated the whole thing.

Victoria's Golden Opportunity.

"The West Coast of Vancouver Island is peculiarly the field for Victoria enterprise," said Mr. Carmichael. "Here we have an Empire rich in natural resources which require money and enterprise to develop. The development of this region is Victoria's golden opportunity. If we leave it to the other provinces to develop the West Coast of Vancouver Island we will have only ourselves to blame."

"How many of Victoria's merchants have taken the sea trip from this city to Quatsino Sound? How many can state what industries already exist on the West Coast and where the head offices of those industries are located? How many of you gentlemen could have told me that there are something like 2,000 miles of coast line on the 285 miles of western Vancouver Island's seaboard? How many of you can name the sounds and harbors from Sooke from the south to Quatsino on the north?"

"Here is a field for your activity and a field from which to develop trade for Victoria. May I make a suggestion and propose that you make a trip on the Princess Maquina next spring and discover for yourselves this Island western Empire before it is too late. Then give a hand to the industrial and commercial developments of the West Coast. Thus you can bring good business to this city, which, if you do not do so, will as certainly go to Vancouver as has the business of the mainland coast ports."

A Wonder Beach.
J. L. Beckwith told of Long Beach on the West Coast not far from the entrance to the Alberni Canal which very few persons know about. He said this beach is an ideal playground, of hard white sand, sixteen miles long and wide enough for 100 cars to travel abreast.

He predicted this beach would be-

THE COWAN COMPANY LTD TORONTO

FLAVELLE LEAVES DAVIES COMPANY

Toronto, Nov. 28.—The William Davies Company announced yesterday the retirement of Sir Joseph Flavelle from the company, of which he was president and in which he controlled fifty-two per cent. of the stock. This stock passes into the hands of E. C. Fox, general manager, and a group of associates. The Canadian Company also acquires a big American packing plant, making the Davies business international. The figure at which Sir Joseph sold is said to have been \$3,000,000.

ITALIAN KING TO VISIT THE STATES

Rome, Nov. 28.—King Victor Emmanuel will go to the United States next summer and also will visit South America, especially the Republics of Brazil, Uruguay, Argentina, Chile and Peru, unless the political situation prevents him from carrying out his desire. The tentative plan is that the King will be accompanied by Premier Nitti, and that he will first proceed to the United States during the summer, which is the slack season here, and afterwards proceed to South America.

Victor Emmanuel desires especially to return the visit of President Wilson, to him in Rome.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people flesh, and replacing hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due

to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by almost all druggists under a guarantee of satisfaction or money back. By feeding the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and appear, dull cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained fifteen pounds and never before felt so well."

CAUTION: While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

come one of the great resorts of the Pacific, crowded all summer, if it were exploited by some organization like the Canadian Pacific Railway. He suggested that the opportunity should be brought to the attention of the C. P. R.

In the prison at Lyons, France, there is a curious collection of pens. They are the pens with which the executioners signed the regulation receipts for the prisoners handed over to them to be guillotined. At each execution a fresh pen is used for the purpose, and the ink is left to dry upon it.

The WEATHER

Date: Bulletin Furnished by the Victoria Meteorological Department

Victoria, Nov. 28.—5 a. m.—The barometer is low over Northern B. C. and snow has fallen from the Coast to Kootenay, while in the prairies the temperatures are moderating.

YOUR NEXT PHONOGRAPH WILL BE A BRUNSWICK

(All Phonographs in One)

And Here is Why—

The "Round" All-Wood Horn

YOU never heard of a "square" horn in a band or any musical instrument; you never saw a square megaphone. We learned in High School that all sound-waves travel in circles or ovals, yet you will not find any round horns in any of the old style Talking Machines. Artists sing INTO a round horn, and the Brunswick sends it OUT in a round horn.

That's a simple "secret" isn't it? And yet no one has ever made a round WOOD horn before—and more than that, no one else ever will, because this is one of the exclusive patented features of the Brunswick.

This one feature alone is responsible for much of the Brunswick's wonderful TONE. It makes every good record—of ANY make—better. Because it is, all wood—built like a violin.

Yet the BRUNSWICK costs no more than ordinary phonographs. Prices of conventional models range from \$148.00 to \$395.00.

And Here are 86 more Reasons Why—

You are not restricted to any one list of artists with a Brunswick—positively not. Every artist is available for the owner of a Brunswick.

There are 86 artists of world-wide fame in particular, whose records are in great demand. These great artists sing for different makes of records. That's the value of the Brunswick.

But all of these different records are played CORRECTLY on the All-record Brunswick.

This means that when you own a Brunswick EVERY Grand Opera Star, EVERY Jazz Band, EVERY Vaudeville Entertainer, EVERY Orchestral Organization, EVERYBODY helps to entertain the Brunswick owner.

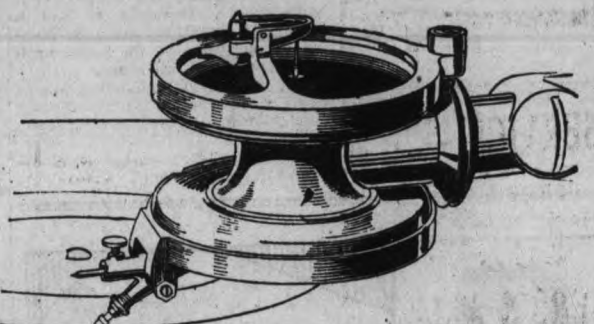

And Mark this: Every make of record is played CORRECTLY on the Brunswick—played just as if it had been made especially for the Brunswick.

Go to the nearest Brunswick dealer listed below and let your ears be the judge.

Have the dealer play ANY make of record on the Brunswick, and see for yourself how the Brunswick Ultona is adjusted INSTANTLY—by a mere twist of the wrist to any make of record.

And note the wonderfully lifelike purity of tone of EVERY record when played on the Brunswick.

And Here is Why—

The All-Record, All-Needle Ultona

THIS wonderful Reproducer was designed AFTER all the great Record Libraries were formed.

It is NOT an attachment, and it plays any make or type of record without taking anything off or putting anything on. A twist of the wrist—and it is ready for anything. No needles to change.

And it plays every record CORRECTLY, with just the right needle, just the right weight, and describing just the right are across the record. And your needle type records actually last longer.

Since the Brunswick came with this wonderful invention, notice how they all say, "Plays all records." Just you see how they do it—then come, investigate the ULTONA.

BOLSHEVISM THE SECOND GERMAN OFFENSIVE AGAINST WHICH ALL MUST FIGHT

So Declared Mrs. Pankhurst Last Night—British Labor Unions Attacked for Their "Political" Policy

That the menace of Bolshevism which is insidiously spreading its tentacles throughout the civilized world is the second part of the German offensive and as such had its origin in Germany, was the opinion voiced by Mrs. Emmeline Pankhurst, the famous English suffragette, in the course of an inspiring address on "Class Co-operation versus Class War," last night. The lecture was given under the auspices of the Women's Canadian Club to an audience which filled the Royal Victoria Theatre, and the frequent outbursts of applause gave evidence of the general agreement with the speaker's observations. To her address Mrs. Pankhurst brought with her the oratorical fire and enthusiasm with which she gained the admiration of both supporter and opponent during her long and strenuous campaign for women's suffrage. Her vivid personality and brilliant gifts make her an outstanding figure on the public platform and give weight to her arguments and the gospel of Imperialism could have no better disciple than this clever woman.

Founded by Carl Marx. In opening her address Mrs. Pankhurst deprecated the growing fashion to decry the Empire and Imperialism. "We must believe in the greatness and the potential greatness of the British Empire and in its duty and responsibility to the rest of the world, not from any desire to magnify it at the expense of other nations. Out of that belief only can we hope to counteract that pernicious, insidious movement which came from Germany and which we to-day call Bolshevism."

Class war, in its class form, was not very old, averred the speaker. "There had always been friction between employer and employee, but the seeds of class war were sown when Carl Marx came to England and linked himself with the International—a group of French and English workmen who had sought to redress the grievances of the working class."

"Carl Marx," said Mrs. Pankhurst, "was the cuckoo in the International nest. He threw out the decent men and decent principles and infused the organization with his own bitterness and destructiveness." The aims of Marx and his followers to bring the world under the domination of the German workmen were revealed in his correspondence with a fellow conspirator named Engels. "I wish this correspondence could be translated and placed in the hands of every labor union throughout the English-speaking world. It would open the eyes of the mild—not the extremists who are convinced that their ideas are right—but of the men who have not taken any definite stand."

The Women's Hopes. The waiving of class distinctions during the war when peers fought beside farm laborers in the trenches, while duchesses and charwomen scrubbed hospital floors together, had suggested that out of the chaos would come a new democracy. "The women were working towards this better understanding towards this they would be able to set to work to reconstruct the national life on a better basis than ever before. But the cessation of hostilities awoke them to the realization that their hopes were in danger. They found in their midst the hydra-headed monster, the insidious and dangerous movement which threatens to destroy our civilization," continued the speaker.

Of German Origin. "My opinion is that this world-wide class war is part of the German offensive; but not depending entirely upon her military forces to subjugate the world, but preparing to assault the national life of the British Empire and her Allies." Evidence of the propaganda of the or-

ignitators was shown in the strikes which marked the industrial world of England during the war, declared Mrs. Pankhurst. She and a small band of women had made it their duty to institute a campaign to combat the seeds of unrest which were being sown by the agitators. Everywhere in the troubled areas in the coal mining districts of England and Wales, they had come across little groups of men of foreign birth, often speaking with a strong German accent and calling themselves Russian or natives of some other Allied country. These little groups formed the plague spots in the community, and from them started the sporadic strikes which fortunately never succeeded.

"Aristocratic" Labor Unions. Declaring that the women who had been working in the munitions had by their loyalty prevented many a potential strike, Mrs. Pankhurst

scored the labor unions in Britain for their attitude towards women. "Despite all their talk of equality for all workers, the labor unions have never admitted women to their unions on terms of equality. When they consented to 'admission' of labor they consented only for the duration of the war. As soon as hostilities ceased they told the women they would have to go, not in the interests of the returned soldiers, mark you, but so that pre-war conditions might be restored. To suit the most exclusive and aristocratic trade union, engineering (and I use the adjectives advisedly!) it was decided that women should not be permitted to work as engineers. The labor unions, in order to propitiate the women and sure of their votes, worked towards the securing of a bill to enable women to sit in the House of Commons and the House of Lords, but they would not admit them to the aristocracy of the so-called 'skilled trades.'"

Dealing with the evolution and development of the labor movement during the war, Mrs. Pankhurst declared that the Trades Union movement had changed its policy entirely. Formerly it worked to secure better working conditions, shorter hours and higher wages; now it had become a political machine—a means of getting by force what it could not get through the ballot box. While the real laboring men had enlisted and gone into the trenches, another class of men had joined the trade unions and insidiously worked themselves into the higher offices and secure their nomination as delegates to the international conferences. "They are working to bring about the state of affairs which now exists in Russia. That will be the ultimate end. We have to face the prospect of going through another period of class rule—of class domination by those who in the past have had fewer opportunities of learning and training, and have been actuated by the lower ideals of life."

Labor's Destructive Policy. "I should disapprove of these people's success even if they possessed the qualifications for government, which they do not," was Mrs. Pankhurst's indictment of the labor unions. In extenuation of her stand, she cited a case, coming within her own knowledge, to show that the la-

YOU'LL LAUGH! CORNS LIFT OFF

Doesn't hurt at all and costs only few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers.

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

HAD ECZEMA For Over 28 Years

Ecema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust is formed, and the intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful blood cleansing and purifying properties, and we know of no other remedy that has done or can do, so much for those who are almost driven to distraction with the terrible torture.

Mr. James Walker, 152 Niagara St., Hamilton, Ont., writes: "I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over twenty-eight years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble, and I shall recommend it to all my friends."

Manufactured for over 40 years by The T. Milburn Co., Limited, Toronto, Ont.

Wilson's Snipe

This bird ranges over the whole of North America and the northern part of South America, and is usually found on marshy ground. The favorite feeding grounds are river meadows and moist land along small streams. Like the woodcock, it gets its living by boring in the ground.

By some hunters it is considered the finest of game birds, and it surely surpasses many birds on the table. It rises quickly and has a great reputation for artful dodging. It lies well to a dog particularly on still, warm days, but where the birds are very numerous the dog is likely to become confused and useless except for retrieving. This bird rarely travels in flocks. It migrates largely at night.

DOMINION Shot Shells

have the speed and accuracy necessary for snipe shooting. Use No. 8 shot in Canuck, Regal or Sovereign Shells.

Dominion Cartridge Co. Limited, Montreal, Canada.

READY FOR CONTESTS IN CHAMPIONSHIPS

Y.M.C.A. Indoor Track Titles and Swimming Honors to Be Decided

New York, Nov. 28.—Dr. George J. Fisher, chief secretary of the Y. M. C. A. athletic department, to-day announced that the Red Triangle international championships for 1920 would be held in January for swimming and February for the indoor Hexathlon track titles. No date is specified, but the events must be contested during the first two weeks of the months named. Contests will be held in association buildings in the various cities, and the results telegraphed to New York headquarters, the team with the highest score taking the title. Many of the best known athletes and swimmers of the United States and Canada participate every year. Among the world famous men whose records stand in different events are Platt Adams, who holds the standing broad jump record with 10 feet 4 1/2 inches; Harold Kruger, of Honolulu, who holds the 50 yard back stroke swimming record with 30 seconds, and the 220 yard free style with 2:29 3-5; and Clarence Lane, also of Honolulu, who holds the 75 yard free style record with 38 3-5 seconds. Both these famous swimmers are expected to participate in 1920 as members of the Oakland, California, team.

The Hexathlon combination has been a big feature of "Y" championships for several years. Last year, sixty-one associations competed with a total of 3,257 individual competitors. In 1920 a far larger number of associations and individuals are expected to enter. The swimming title events are newer, but great interest is being exhibited all over the country and each section has well-known swimmers in its ranks. The announcement of the dates is made at this early stage to give all associations time to develop their respective teams.

STEADY EXPANSION OF BANK OF MONTREAL

Bank Shows Progress in Annual Statement to Shareholders

Montreal, Nov. 28.—The advantages of the Canadian banking system have perhaps never been more strikingly shown than by the way Canadian banks quickly met the unprecedented situation arising out of the war and the manner in which they are now helping the country in the difficult period of reconstruction.

The annual statement of the Bank of Montreal for the fiscal year to October 31st is the first report to be issued for a full year since the armistice. On this account it contains many changes of special Government undertakings of the war period and a marked expansion in the general business of the country.

Big Gain in Deposits. During the past few years there has been a steady increase in the number of depositors and business accounts in banks, and there are many indications that this growth will, within a short time, result in the total business of the banks even passing the large totals touched during the war period.

Among the outstanding features of the statement for the fiscal year to October 31st is the increase in current loans and discounts in Canada, and the continued large increase in interest-bearing deposits. These would seem to indicate that the Canadian people are steadily adding to their savings. In the last six months of the year the gain in savings deposits amounted to approximately \$44,000,000.

An analysis of the general statement of assets and liabilities shows that the Bank is in an excellent position to help the country through the period when the whole world has to meet so many unforeseen financial problems. With the adjustment of accounts following the war period, there is, of necessity, a decrease in total assets, as compared with a year ago, but a marked gain is reported, as compared with the first six months of the present fiscal year. Total assets now stand at \$545,304,809, compared with \$558,412,546, at the end of 1918, and with \$489,271,197 on April 30th last. As usual, the Bank has consistently maintained a very strong liquid position. Liquid assets amount to \$337,980,858, and are equal to 67.99 per cent. of the liabilities to the public.

Assistance to Government. In the liquid assets the principal accounts showing changes are Dominion Notes, which now stand at \$45,865,151, down from \$68,521,256 a year ago, and Call and Short Loans in Great Britain and United States, which now amount to \$78,255,625, as against \$97,029,549 at the end of last year. At the same time there has been an increase in the holdings of Dominion and Provincial Government securities to \$23,984,256, as compared with \$46,570,586 a year ago, reflecting the assistance the Bank has given the Government.

The expansion of trade and commerce in the country is indicated by an increase in the total of loans and discounts, amounting to \$164,182,581, up from \$146,928,861 at the end of last year.

Since the close of the last fiscal

All Victoria's Men And All Victoria's Women Can Buy at Iver Smith's Great Sale and Get Honest Merchandise for One-Fourth to One-Third Less Than They Expected to Pay

While it sounds "too good to be true," Iver Smith agrees to buy the merchandise back if it doesn't measure up to the printed word. So nobody need doubt or worry. The sale is solely for the purpose of closing out the Morrin & Thompson entire stock. So everything is marked down. More particulars are printed to-day.

To-morrow we shall have plenty of salespeople to wait on everybody, for last week lots of people went out without getting waited on.

Which is simply heart-breaking. We shall mark a lot of merchandise down still further.

We have taken all the Leckie boys' shoes and priced 'em at \$4.90.

And the smaller sizes, 8 to 10, at \$3.90.

You'll notice these Leckie shoes are being withdrawn from most stores, owing to the advance, and cheaper shoes substituted. You can't blame the merchants, for Leckie's shoes to-day cost about this figure at the factory.

All the table oilcloth, forty-five inches wide at 60¢ and fifty-four inches at 75¢, is linen backed, not the cheap grade being offered at 10¢ a yard more.

We want to impress on you again we have no new goods—all our goods were purchased two years or more ago. New goods, as a rule, are very trashy owing to the advance in merchandise taking place daily.

Eight dollar Stetson hats are to be had here at \$6.40; and we warn you Stetson's hats for next season will be \$10.00.

Stanfield's blue label underwear—the new price now is \$9.00 a suit. Here the price remains the same—\$6.85.

Overalls and jumpers—we are selling them at \$2.00 each. The price to-day at the factory is \$2.25. Can you beat it?

Men's Leckie's high ten-inch boots are going at \$9.00. Leckie's price is \$10.00.

Men's W. G. & R. collars are selling at six for \$1.25. Why do you pay 30¢ each for 'em?

Children's all-wool sweaters, for sizes 26 and 28, \$2.65; 28 and 30, \$2.90. Why are you buying cheap cotton sweaters that have no warmth?

Pure British wool for \$3.00 and \$2.75 a pound.

We have lots of goods for women and children. We have lots of beautiful Christmas presents—all at less than you can buy elsewhere.

The purpose of this sale is to turn the merchandise into money so Morrin & Thompson can retire.

It is not an "excuse" for a sale. But a fact.

We have told the plain, unadulterated truth about our merchandise.

Josh Billings says "The time to buy is when the other fellow wants to sell."

So It's Buying Time for Everybody in Victoria Right Now

Store Opens Until 6 p.m.—Saturday Until 9 p.m. Everything Marked in Plain Figures and Everything Sold for Cash

FIXTURES FOR SALE CHEAP

One Remington Typewriter, large roll, \$40.00; one Overhead Cash Carrier, one Store Ladder, nine feet, \$20.00; one Heavy Hand Truck, two large Mirrors, four Silk Cabinets, four Revolving Centre Stools, one Hat Shaper, one Hat Stretcher, one Initial Perforator for Hats, one Button Machine for covering Buttons, etc.

Buy with confidence. Everything is marked in plain figures. Everything is guaranteed to be just as represented. If you find that it isn't, you can bring it back and get your money. Nothing could be fairer. Nothing could be squarer. We employ none but high-class salespeople and will give you the best treatment you ever received. We do not believe in employing cheap help.

W. HOHENZOLLERN THINKS HE IS SAFE

Amsterdam, Nov. 27, via London. Nov. 28.—The Telegraf, quoting "an authoritative source," says both the Netherlands Government and William Hohenzollern, former Kaiser of Germany, still are confident that nothing will come of the report that there will be a demand for the extradition of the one-time Kaiser.

The newspaper adds that Frederick

William, former Crown Prince, who, it says, has less to fear from extradition than his father, takes the matter more seriously.

The Telegraf's authority says the breach between the former Kaiser and his son, while it has not yet been healed, is less bitter, the son having yielded somewhat to his father because of the wishes of Mrs. Hohenzollern, his mother.

TURNER SUGGESTS FLAG FOR CANADA

Vancouver, Nov. 28.—Lieut.-General Sir Richard Turner, V.C., addressing the Canadian Club here yesterday afternoon, suggested that Canada should adopt as her national flag the Union Jack with the Maple Leaf in the centre.

San Antonio, Texas, has the only municipal polo field.

WELCOME FOR PRINCE OF WALES IN LONDON

London, Nov. 28.—The Prince of Wales is assured a big popular reception on his return to London, which is expected to be next Monday. King George has decided that instead of driving direct to Buckingham Palace, the Prince will follow an extended route in open carriages from the Victoria Station to Westminster and through Parliament Street, Whitehall, Charing Cross, Pall Mall to Constitution Hill, so that the people will have an ample opportunity of giving him a welcome.

A LIQUOR BILL

London, Nov. 28.—The Government bill to establish committees in place of the Liquor Control Board to study the liquor questions in all its phases will be introduced before Christmas.

CASTORIA For Infants and Children. In Use For Over 30 Years

WILSON SEEKS BERTH WITH TORONTO CLUB

Pacific Coast Bad Man, Now Free Agent, Wires Manager Querrie

Toronto, Nov. 27.—Charlie Querrie, of the Toronto Pros, says The Evening Telegram, has received a wire from Cully Wilson, the former Toronto hockey player, asking terms for the coming season. Wilson has been declared a free agent by the Pacific Coast League. Wilson was with the local club before the war and was a star forward. However, he gained the reputation of a "bad man" in the Pacific Coast League and the Patricks decided to do without him. Whether he will be offered terms or not is doubtful. There is no room on the local team for rough players, and, although Wilson is a star, it may not prove a popular move with the Toronto fans.

SPORTING NEWS

THIRTY-TWO ENTER BILLIARD HANDICAP

Bert Irish Stages First Tournament at St. James Hall

Bert Irish who has recently taken over the management of the St. James Billiard Hall has organized his first billiard tournament in the above hall. Thirty-two competitors have entered and the play in the first round will open to-night. The draw for the handicap is as follows and he has reserved the right to change the handicap of any player of the first round. The players will line up as follows:

Freeman, 0100 vs. Semple, scratch; James, 150 vs. Askey, 0200; Rhodes, scratch vs. Buckett, 075; Murray, 0200 vs. Bridge, scratch; Wilkinson, 075 vs. McKiernan, scratch; Sylvester, 150 vs. McLean, 150; Duggan, 150 vs. Askey, 075; G. Winter, 050 vs. Lovitt, 0100; Morry, 125 vs. Couche, 125; Henson, 0200 vs. Pendlebury, 075; Fairthorpe, 125 vs. Fenton, 0100; Foster, 150 vs. Hiberson, 0200; Perry, 0150 vs. Newman, 075; Frost, 0200 vs. J. Rogers, scratch; Ramsley, 075 vs. Bright, 050; Blackmore, 050 vs. Grassich, scratch.

The above handicap will be a game of 200 points, and some very interesting games are anticipated.

MICKEY KING MET MASTER IN GIBBONS

Light Heavyweight Champion on Top in Each of Fifteen Rounds

Calgary, Nov. 27.—Tommy Gibbons, St. Paul, in his fifteen-round title bout with Mickey King, of Australia, in the headline of the Calgary boxing commission all-star fight card at Victoria Park to-night, displayed everything that has gone to make him the wonder light-heavyweight champion of the world and incidentally gave Calgary its rarest exhibition of boxing and ring work. The bout was a decisive win on points for the champion. Gibbons' superiority was quite evident in every one of the fifteen rounds. As a ring general and a crafty boxer the St. Paul boy had the Australian's measure.

In the preliminaries the decision was given to Anderson over McCarthy, but the popular view was that McCarthy won easily.

TWO JACKS BILLIARDS.

In the Two Jacks billiard league last night the following scores were made by members of Hiberson and Hinson's teams, one game, that between Watson and Lamb, remaining unplayed:

Hiberson 250 Hinson 224
 Murray 228 E. Petch 250
 Caldwell 133 McIlmoyle 250
 Wilkinson 250 Stewart 233

Several of the games were very interesting. Stewart made a fine rally when he was 80 points behind and came within 17 of his victor. Hiberson and Hinson had a keen struggle, Hinson making a 40 odd break and E. Petch made a fine showing against the handicap winner, Murray, winning from the latter in spite of good breaks by Murray of 50 and 40 odd. On Monday Hindle's team plays Sale's team.

SATURDAY'S SOCCER TEAMS ANNOUNCED

First Three Clubs Will Have to Fight to Retain Positions

The Wests and K. of C. Hut team, hard on the heels of the North Ward champions, are still waiting for the opportunity to oust the league leaders from the top position on the chart. With a game in hand since the decision on the first scheduled game of the season with the Foundation was reversed, the North Ward also have a brace of points to spare, and no matter what the outcome of their game against the Foundation to-morrow they will still retain their position. With Allie McGregor out of the line the Wests will not be so strong, and last week the champions were only able to field ten players.

The Wests, should they lose to Yarrows, may give the K. of C. Hutmen a chance to jump to second position if the suburban band should go under, and the Hutmen make it six straight, but otherwise no changes are possible in the first three teams in the race.

Saturday's games will be as follows:

Senior.
 Great War Veterans v. Army and Navy at Work Point.
 Comrades v. K. of C. Hut, Jubilee Hospital.
 Yarrows v. Wests, Beacon Hill, upper ground.
 Wards v. Foundation, Central Park.
 Harbor Marine, a bye.

Intermediate.
 Wests v. Yarrows, Beacon Hill.
 Army and Navy v. Metro.
 Royal Athletic Park.
 Fireman v. Saanich Rovers, at Willows.
 Post Office, a bye.

Senior Teams.

Teams have been announced as follows:

Yarrows.
 Jasper, J. Ord and Prevost; McIlroy, Chapman and Brown; Roberts, Merfield, Newbigging, H. Ord and Whittaker. Reserves, Kerley and Muir. Players are requested to be at the Beacon Hill upper ground at 2.15, as game starts at 2.30 this week.

Comrades.
 Lomas; Gomm and Davies; Green, Pitts and Travis; Harper, Bloom, Walton, Bristow, Bowers, Patterson, Essler and Dannel.

Foundation.
 T. Bridges; Chester and Elliott; Meaher, Clegg and Munroe; Miller, Speak, Southern, E. Bridges and Coser. Reserves, Attwell, Lumley and Allan. Game starts at 2.30, and players are asked to be at Central Park not later than 2.15.

North Wards.

Menzie; Taylor and McKenzie; McDougall, Joe Dakers and Baker; Totty, Cummings, Pettigrew, Wells, McInnes, Jim Cummings.

Victoria West.
 Shandley; Copas and Whyte; H. Sherratt, McKay and Cyril Baker; Muleahy, Peden, James, Plump and J. Sherratt.

Intermediate Teams.

Yarrows.

Ricketts; Fanthorpe and W. Thompson; Dunsell, E. Thompson and Bendall; McKay, Stillwall, Watt, H. Fanthorpe and Hutchinson.

Metropolis.

Liddell; Lamphere and Taylor; Ledingham, Saville (capt.), and Dryborough; Barrie, Fletcher, Motion, Campbell and Swinburne. Players to meet at Metropolis Billiard

Parlors not later than 1.30 p. m.

Firamen.

Barber; Glynn and Woodburn; Roberts, Stark and Hunt; Hornsby, Riddell, Lynn, Taylor and Walton. Reserves, Loeie and Briers.

Saanich Rovers.

Rhodes; Bridgen and Newman, Campbell, Lynn and Scott; Jackson, Bruce, Flinton, Hopkins and Chester. Reserves, McDonald and Rossiter.

Victoria Wests' Intermediates' line-up on Saturday will be selected from T. Ward, D. Sloan, H. McBride, G. Ward, C. English, J. Carmichael, J. Svedent, J. Stewart, P. Tooley, W. Ruggles, J. Hayward, J. Carmichael, H. Len, and D. Stewart. Players are requested to attend at 2.30 o'clock.

Members of the Army and Navy Veterans Football Club (both Seniors and Intermediates), are reminded of the meeting to be held at 216 Pemberton Building at 8.15 to-night.

After the ruling on the North Ward Foundation game the league stands:

Goals	P. W. L. D. P. F. Pts.
North Wards	7 6 0 1 13 33
Wests	8 5 2 1 18 7 11
K. of C. Hut	8 5 2 1 11 6 11
Foundation	7 4 2 0 14 9 8
Comrades	8 3 2 1 16 15 8
Yarrows	8 4 0 1 11 11 8
G. W. V. A.	8 3 5 0 11 20 6
& M. Vets.	8 2 6 0 12 18 4
Harbor Marines	8 0 7 1 7 21 1

TEAMS ON EDGE FOR REP BATTLE

Vancouver Will Bring Speedy Young Players For Inter-City Rugby

Reports from the mainland indicate that Vancouver will field a speedy bunch of young players Saturday for the first inter-city game for the provincial trophy to be staged on the Oak Bay field since the war put a crimp in the series. The mainland players have already made a better showing against the New Zealand officers than any Victoria aggregation has done up to the present, but a quiet confidence that the Islanders will repeat their former successes over the men from Vancouver exists in the local camp. One thing is certain that from the time J. H. Gillespie blows the whistle at 2.30 until the game is ended the rivalry existing between the oval ball greyhounds of the two cities will result in a great struggle. G. C. Grant, the home captain, will lead on the field a side well representing the clubs of the city. Sanson, however, has had to drop out of the side and will probably not play again this season. T. Norris has been chosen to step into the breach. Norris was regarded as a good player before he went overseas, and has shown no indication of slipping.

AT THE VIMY ALLEY.

The bowling match rolled last night at the Vimy Alley between the Hotelmen and the Victoria Wests was won by the Wests by 164 pins. Trewin was high scorer with 205, and high average with 165. The full score follows:

Victoria Wests.
 Fairall 137 115 187—429
 Moulton 145 158 161—464
 Biergard 127 178 136—451
 Trewin 205 138 161—505
 Vinnall 150 140 150—440
 Totals 774 730 795—2259

Hotelmen.

Bell 124 158 150—432
 Gomm 143 132 148—423
 Benoni 147 131 114—392
 Pickering 130 137 171—438
 Bishop 150 140 150—440
 Totals 704 688 733—2125

MORGAN WILL GET ANOTHER BOUT WITH LOS ANGELES MAN

Johnny Morgan, the Ladysmith fighter who wore the V. I. A. A. colors at the Portland bouts, will get another chance at Farquhar, the Los Angeles representative, who secured the decision after an extra round. Many of the fight fans believe that the Canadian man not only won in the three rounds but also had the better of the last round. After the bout Van Court, instructor of the Los Angeles Athletic Club and veteran ring man who has produced a hundred amateur champions and trained such men as Jeffries, Corbett, Young Corbett and Jimmy Britt, stated that he would match the two men again at Los Angeles in January. Morgan's opponent won the coast middleweight championship before he went overseas and also won a big reputation in inter-allied tournaments while serving with the A. E. F.

HIGH SCORING

Lawrence, Kas., Nov. 27.—The University of Missouri football eleven won the Missouri Valley conference title here to-day by defeating the University of Kansas thirteen to six. Kansas was outplayed throughout by the more aggressive Missouri team.

THE GRID IRON GAME.

Los Angeles, Nov. 27.—The University of Southern California football team, showing superiority in almost every department of the game, blanked the Stanford University eleven here this afternoon 13 to 0.

TOYLAND At Peden Bros. OPENS MONDAY

On Monday bring the kiddies with you to see the tremendous variety of Toys which we have assembled for Toyland's opening display. This new Toy Department will not be closed after the Christmas season; it will be open all the year 'round for the convenience of our patrons.

Bicycles, Sporting Goods and Toys. **PEDEN BROS.** 719 Yates St. Phone 517

To get real enjoyment out of a game of billiards the equipment must be top-notch. You want good tables, sound cushions, and clean, well-ironed cloth; you want cues that are straight, well-balanced and newly-tipped.

In our new upstairs English Billiard Parlor you will find conditions to your liking—tables, cues, service, surroundings—everything is O. K.

Come in and enjoy yourself to-night.

Rubbers Must Fit To Wear

The service and comfort you get from rubbers depend a great deal on the way they fit the shoes.

If you take care to have your shoes fitted with the exact style and shape of rubbers, made expressly for those particular shoes, your rubbers will wear longer and be easier and more comfortable on your feet.

Take the trouble to ask your dealer for

Dominion Rubber System Products

Either "Jacques Cartier," "Merchants," "Maple Leaf," "Granby," "Dominion," or "Daisy"

In these brands you get the right rubbers for the right shoe.

AROUND THE SPORT CAMPS

The K. of C. Hut harbors a humorist and if anyone is looking around for anyone else with an axe after the publication of the items below let it be explained the responsibility of this particular day's effusion rests solely in the K. of C. camp.

"Will you give me \$50 for this bicycle?"
"No! If I had \$50 I'd buy a cow."
"But you'd look rather funny riding a cow!"
"Yes, I guess so, but I'd look a darned sight funnier milking a bicycle."

Don't come down the ladder, I've taken it away, is the latest mix-up uttered by one of Neary's lamps.

"My fiancée sent me a piece of birthday cake the other day. I got

suspicious after eating half of it, and center-half back." Open up the baggage.

If Three Weeks made Elinor Glynn famous, how long do you think it will take to make some of the K. of C. forwards pass the ball first time?

It is being whispered in baseball circles that the veteran catcher Hank Gowdy is to be placed on the block by the Boston Braves.

Jimmy Wilde, the English fly-weight champion, now in America, has been fighting nine years, and is now only twenty-seven years of age.

The present squabble among American league owners has renewed gossip of a possible third major league next year and another baseball war.

gison, P. McKechnie, H. Shade, R. Young.

SWIMMING AND BASKETBALL AT "Y"

Stunting, Floating and Back Stroke Competitions

Three events were held this week at the swimming handicap meet. The first event was a floating competition, the winners being: Hibben, first; Tiny Marshall, second; G. Bidlake, third. In the stunt, Tiny Marshall took first, G. Bidlake, second, and J. Larson, third. The third event was the forty yards backstroke, in which G. Bidlake took first, A. McKinnon, second, and J. Larson, third.

Basketball
In a "B" series game the Y.B.M. took the wind from the sail of the Tillicums by winning with a score of 24-20. The game was somewhat wild, but, contrary to most such games, ended with everyone in a good humor. The teams playing were: Tillicums—Tiny Marshall, J. Bartholomew, W. Hudson, G. Bidlake, P. Willis.

OAK BAY SCHOOL GAMES

St. Michael's School.
A win for St. Michael's was the result of the return match between St. Michael's and the High School, Wednesday afternoon. The play throughout was very even, and it was not till the second half that any score was made. On both sides the backs had the better of the opposing forwards and mid-field play was the chief feature.
These games are getting faster all the time, and the positions of the various schools is now very interesting.

LOOKING THINGS OVER

The K. of C. Hut Athletes.
Although the policy seems to be saw wood and say nothing, the athletes who camp at the K. of C. Hut look like becoming a factor in the sporting life of the city. The returned men who make their home at the hut have, with the assistance of the popular manager, Jack Neary, started to build up a strong athletic organization, and there are few who take a greater pride in the performances of the soccer team and the boxers of the hut than the crippled men who are forced to take the part of spectators only in the sport world. For seven games straight, five of which have been league games, the soccer men have hung up victories, and with the facilities offered the players, and the feeling of comradeship which pervades, the K. of C. should be able to organize and hold a good team in any branch of sport they enter.

Pacific Coast hockey fans will cordially endorse the ultimatum given to the Eastern clubs by President Patrick of the Coast League that the world series games for the Stanley Cup must be played on the coast this season or will not be played at all. No doubt charges of dogmatic ruling will be levelled against the coast president by the Eastern puckchasers, but the fact remains that the coast did not get the world's championship games as they should have done last season. With the "flu" playing havoc in the visitors' ranks, coast fans did not see a deciding battle for the world's title and can justly look for that privilege this year. The coast teams could probably have done, as is done in some sports, take the field, score a goal and claim the title, but such a proceeding would have been anything but fair to the fans expecting to see a crucial struggle, and for that reason the president's determined stand that they shall see such a game this season will receive their cordial support.

England and the Games.
There is a good deal of opposition in England to entering the Olympic games. The Athletic News estimates that the team will cost between £18,000 and £25,000, and it isn't worth it, especially as it is feared a team worthy of Britain cannot be got together. However, the Olympic Association has committed the country to sending a team. They have divided the country into divisions—the South, Midlands, and North of England, with Scotland, Wales and Ireland. Each division is to have the benefit of a central committee, composed of representatives of governing bodies with sub-committees for different counties and boroughs, and each division will have a paid coach or superintendent—six of them, at £400 a year with £100 extra as travelling expenses.

Meehan is Willing.
Willie Meehan, the "Frisco fat boy," is in San Francisco on a quest for victims. Meehan announced shortly after his arrival that he was ready to put on the gloves with anyone, including Jack Dempsey, over whom he boasts two decisions. Meehan is said to have come for a "close range talk" with Dave Driscoll, the Jersey promoter, who tried to match him with Dempsey a month ago.

Fulton Back.
Fred Fulton, the Minnesota heavyweight, is back from England, but it may be some time before he will be seen in action. Fulton returned from Britain with a lame arm. While training for his fight with Arthur Townley he injured his elbow in a fall and it has never completely recovered. Even after an operation, two physicians who examined him on board the liner seemed to think the arm would be minus a "kick." Outside of that Fulton appeared to be in fine condition. He is weighing 120 pounds, 20 pounds more than when he went to England. Fulton will start right after Jack Dempsey for a match. If the bout does not look good to the promoters, Tom O'Rourke, his manager, said he will put it on himself.

and other articles used for pit-lamping deer, at their camp. The arrests were made under instructions from Chief Constable Stephenson by Constables Mortimer and Dawley, of Cumberland, the offence taking place on November 15 on the Island Highway. Arthur Leighton prosecuted for the Crown and J. E. Jesmy acted for defendants, who will appeal.

CHEER SERVICE GRID MEN ON WAY TO BATTLE

Annapolis, Md., Nov. 28.—Cheered to the echo by their followers of the regiment, the thirty-five members of the Navy football squad, accompanied by coaches, officers and attendants, making up a party of about fifty in all left Annapolis yesterday for New York for the great inter-service football struggle on the Polo Grounds.

Saturday afternoon. The players, with one or two exceptions, all appeared to be in good shape for the battle, while their fellows were keyed to a high pitch of enthusiasm and full of spirit and confidence over the outcome.

The Curtiss Aeronola Achieves "A Winged Victory"

In a few months it has literally flown into public favor, and won for itself a high place in the esteem of talking machine owners.

Curtiss Aeronola

The quality of its tone and the richness of its volume are better than any other instrument possesses. It brings, from the record, everything that the maker intended should be brought out. Play the same record simultaneously on a Curtiss Aeronola and another make and you will hear the difference at once.

The Curtiss Aeronola is made with all the skill and precision with which we made Aeroplanes during the war.

We earnestly urge you to go and hear a Curtiss Aeronola, before purchasing any talking machine. You will be charmed by it.

Do not let another week go by. Go to a music store and ask them to demonstrate the Aeronola to you, or write for our Catalogue and we will send it by return mail and tell you the name of a dealer near where you live.

DOMINION

William Farnum puts one of the most dramatic and intense fights ever staged into the thrilling ending of his new photoplay, "Wolves of the Night," a fight into which Farnum throws himself with the agility of an athlete and the skill of a champion. As the desperate man, resolved to win back wife, child and fortune, from devilish schemers, he locks himself in an office, attacks three who attempt to coerce him with a pistol, and there, in an stirring encounter as has ever been pictured, baffles them. This fight, which is just one of the many intense scenes in that compelling photoplay of love and finance, "Wolves of the Night," a William Fox production showing at the Dominion theatre this week, is one more demonstration of the surprises Farnum has up his sleeve. It proves that Farnum, popular, handsome, magnetic though he is, is no mere matinee idol, but a man's man.

Variety-Film musical comedy, "Oh, Boy!" starring June Caprice and Creighton Hale.

For all his charm, and a man of power into the bargain.

VARIETY

Albert Capellani, the noted director, stated that "Oh, Boy!" which he pictured from the musical comedy success of the same name, can legitimately lay claim to being that rare thing in motion pictures, a production of purely farcical nature. "Oh, Boy!" this week's feature at the Variety, is entirely devoid of incidents bearing even a remote resemblance to melodrama, because Mr. Capellani has employed a wholly farcical treatment, and by cleverly planning incidents of a romantic nature through a series of highly interesting farcical situations has succeeded without the aid of any sinister dramatic element in registering

ARENA

SKATING

Band in attendance on Tuesday, Thursday and Saturday evenings and on Saturday afternoon.
N.B.—No public skating sessions on Monday and Tuesday.

"Get the Arena habit—there's health in it. Make skating the family doctor."

STOP that COUGH

Peps will end it. Dissolve Peps in your mouth when the cough is troublesome, and the medicinal vapor that is liberated is breathed to the remotest parts of the air passages and lungs. It soothes and heals the inflamed membranes, thus ending the irritation and stopping the cough.

Peps are equally good for bronchitis, sore throat and laryngitis. All dealers, 50c. box, or Peps Co., Toronto.

PEPS

a swiftly moving and highly diverting comedy that embodies all the qualities of public appeal.

COLUMBIA

Mr. Morey has a most effective role in "Silent Strength," the Vitagraph Star Series Release, which will be seen at the Columbia again to-day, with the serial, "The Red Glove," starring Marie Walcamp, as a popular added attraction. He is a young lumber king, victim of a rascally cousin, whose physical resemblance to him is so strong that the latter is able to deceive and marry, the betrothed and also rob him of his fortune. And he bears it all in silence to spare the girl whom he had hoped to marry. The picture is filled with strong dramatic situations and is beautiful from a photographic standpoint. In the supporting cast are Betty Blythe, Robert Gallard, Bernard Siegel, Herbert Patten, and James Costello.

ROMANO

Many funny stories are told about actors, stranded on the road, who have been compelled to eschew the footlights for some other means of making a living, and Frederick L. Kohler, who plays in the new Ruth Roland serial, "The Tiger's Trail," now being shown at the Romano, declares that at one time he was forced to become a lumberjack or starve. So he chose the first alternative. He had been touring the Northwest with the sort of company known in the profession as a "Turkey." The troupe had no regular route, but would play any town where they could rent an "opry" house or town hall. This method of procedure was far from successful in a financial way, and finally the inevitable happened and they went broke. The actors scattered about the little town which ended their tour in search of work and food, and Kohler, being a strapping six-footer, went to a lumber camp outside the village and secured a job as saw man.

PANTAGES

Variety is distinctly the character of the current bill of Pantages vaudeville. It is headlined by a stirring musical melodrama, "The Luck of a Totem," presented by its author, Harry Girard, and a very strong com-

pany of players. Girard has interpolated a strong theme into vaudeville and has invested it with character and music and scenic setting that accurately portrays the great Northland.

With this strange music, sung by splendid voices, is a sketch of primitive life, gripping in its dramatic quality and different in execution from any other stage piece. It tells a simple story of simple love and simple passions.

A cheering up process which, aimed at a sick man, works wonders with the audience itself, is the feature of Chas. Mack's sketch, which concludes with an Irish instrumental number and some clever dancing.

A pair of Venetian violinists, playing the heart-searching melodies of the city of canals, in a setting of unusual beauty, are the Benevid brothers, and Raymond Wilbert entertains with a nifty exhibition of juggling and hoop rolling.

ATTRACTIVE DANCING

NOVELTY AT ORPHEUM

Ford Dancers Bring Own Orchestra For Performances Here

The Ford Sisters, Mabel and Dora, members of the Famous Dancing Fords of the United States stage, will top the Orpheum bill at the Royal Theatre to-night, Saturday matinee and night. This season they are presenting something new called "Frolics of 1920." They are also bringing with them their own orchestra, under the direction of Art L. Beiner. Artistically the offering leaves nothing to be desired. It is a perfect symphony of color, music and movement.

Vaudeville has presented many dancing teams, but in the opinion of critics generally none have surpassed the graceful, gliding Ford Sisters.

Stuart Barnes, monologist, singing comedian and entertainer of the first rank, will appear on the same bill. It is now three seasons since Mr. Barnes was in the West, but very many playgoers will remember his irresistible portrayal of a lovelorn swain visiting the home of his fiancée. This season Mr. Barnes has a number of new character studies conceived in a highly-humorous vein and some new songs that are bound to be entertaining in the truest sense of the word.

Grace De Mar, the winsome comedienne, will be another sterling attraction. She will offer a number of brilliant character studies of familiar types, such as an incident in a telephone booth, a flirtation on the 20th Century train, an occurrence in a street car, all of which are rendered in a truly delightful fashion.

Billy Fawcett and Edna Louise will present a one-act play by Jack Lait called "Seven A. M." Here the author has gone to the hotel lobby and taken the night clerk from behind the desk and the cigar girl from behind her counter and has drawn their characters in a realistic and inimitably comic manner. Sparkling dialogue and artistic acting make it an attractive dramatic morsel.

Jane Barber and Jerome Jackson will present "Nothing Serious." Mr. Jackson is a long, lanky comedian, while Miss Barber is a vocalist of parts. Just mirth and melody is perhaps after all the most descriptive title that could be given to the act.

Sterling and Marguerite, exceptionally capable acrobats and aerial artists, round off an excellent programme with a decided novelty, made up of dancing, music and various circus stunts of a spectacular and comedy character and staged in the most attractive fashion. The ponies are little beauties.

The Canadian National Films and Sense and Nonsense from the Canadian Press will be the screen feature of the week.

Dress Well on Our Easy Payment Plan

The miss or woman who is ambitious to dress well need not wait until she has the full amount—she can pay a little down and wear the garments whilst paying the balance. Handsome new Coats, Suits and Dresses have recently arrived. We particularly solicit the working girl and working man's wife's custom.

Don't Try to Hide Pimples

Get Rid of Them. Use Stuart's Calcium Wafers and Be Overjoyed With the Result of a More Beautiful Complexion.

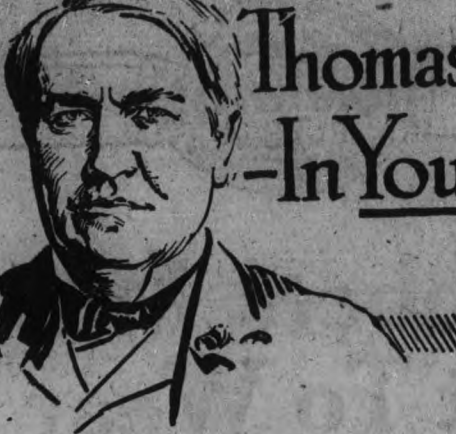

Yes, you say, certainly has a wonderfully beautiful complexion. And so

may you. The secret is in Stuart's Calcium Wafers which contain calcium sulphide, the greatest skin purifier known. This remarkable substance is absolutely necessary to keep the skin in healthy condition. Its action on the skin is little short of marvelous and you will be overjoyed to see pimples, blackheads, blotches and rash, with its itching, relieved. Stuart's Calcium Wafers are for transforming a muddy complexion to the loveliest, softest and most delicate skin. Do not fail to get a 50-cent box of Stuart's Calcium Wafers at any drug store; trust to nature and you will never again use hair-growing pastes and lotions.

On November 28, 1814, The London Times introduced the steam printing press to the industrial world.

Will You Let Entertain You

Thomas A. Edison - In Your Home?

That is what happens when an Amberola comes into your home. The wizardry of Edison—the Master Product of his Master Mind—furnishes you with years and years of entertainment—all the best music of all the world—reproduced in a superior way that none but Edison could accomplish.

EDISON'S NEW DIAMOND AMBEROLA

Among the large number of phonographs and "talking machines" on the market, the genius of Edison makes the Amberola stand out as the one perfect instrument for your home.

Thousands of families in Canada have purchased phonographs hastily, without careful comparison—and as a result they are repenting their choice at leisure.

You can safely trust the phonograph that has been perfected by the greatest inventor of the age. Choose the Amberola, and you will never regret your selection. The longer you possess an Amberola, the more you will appreciate its marked superiority over ordinary phonographs and "talking machines."

Its marvelous, pure tone will afford perpetual delight to you

FREE TRIAL In Your Home

We will place an Amberola in your home for a 3 Days' Trial which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to you. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.

BOLSHEVISM THE SECOND GERMAN OFFENSIVE AGAINST WHICH ALL MUST FIGHT

(Continued from page 3.)

responsibility and devote his time to adverse criticism of the Government. The labor movement in Britain cannot point to one constructive achievement during the war—their policy has been of destructiveness alone," continued the speaker.

Russia's Experiences.

Relating the circumstances which led to her visit to Russia in 1917, when she went to offset the campaign planned, but not carried out, thanks to loyal seamen—by Ramsay MacDonald, Mrs. Pankhurst described the conditions in Russia at that time, before Bolshevism had reached its zenith.

Of Kerensky, Mrs. Pankhurst said: "It is difficult for me to find words to describe him. He is the most-boomed politician in the world. He has sprung from nothing. To that man belongs the credit—if you like to call it that—for commencing the reign of committee rule in Russia." Of Bolshevism she said: "What is Bolshevism? It is the absolute negation of everything we have been taught to look upon as right in our civilization—a patriotism, religion, family life and the relationship between father and child, husband and wife. All these will have to go if Bolshevism becomes the ruling power, and those who do not agree with its ethics will have to be wiped out. The Bolshevists outdo the Spanish Inquisition in their tortures and the humiliation of the unfortunate which come under its sway."

The proletariat, as the lower classes call themselves, say they cannot hope to rise to the level of the middle-class or the "bourgeoisie," and so must drag the bourgeoisie down to their level so that both classes will wallow in a common misery.

Must Level Up the Masses. "I take issue at once with that theory which says that all must go down to a common level," said Mrs. Pankhurst amid applause. "I say it is possible to level up the masses to the plane of the middle class. The

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remove Pimples From Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

Intensive Production.

"Those who work, whether with their brains or with their hands must work all the time they are working. The labor agitators talk as there is a fixed quantity of wealth in the hands of a few and that it should be put into a common fund. That is a fallacy. There is not enough wealth in the world to make all wealthy. It must be created, and to do it calls for intensive production."

In conclusion Mrs. Pankhurst appealed for co-operation of the people of the Empire in the fight against the monster of Bolshevism. "By co-operation it is possible to make conditions such that every child can be born into a healthy and happy home, have the opportunities of the best education and so become a healthy and happy member of the community. That is the gospel we are preaching in opposition to the disciples of the class war. We have to choose between a national life based on Christian ideals or a reign of Bolshevism based on despotism. The danger is a real one and the enemy insidious and we must all be on our guard against it. As members of a great and mighty Empire we have a great trust, and our duty and responsibility to the Empire is all the greater. We as trustees must guard the ideals sanctified by the sacrifice of those brave spirits who gave their lives in France, and we must hand on to those who come after us the great traditions for which those men fought and died."

The chair at the gathering was taken by Mrs. Jenkins, president of the Women's Canadian Club. With her on the platform were the members of the Club executive and John Cochrane, president of the Canadian Club, and J. F. Scott, president of the Rotary Club. At the conclusion of the address an informal reception was held on the platform when some hundreds of Victorians seized the opportunity to make personal acquaintance with Mrs. Pankhurst.

McCORMICK'S FIGHT TALK REVIVES TALK OF PRO. TOURNAMENTS

Boy McCormick, claimant of the light heavyweight championship of Great Britain title, expressed a desire

to the Victoria ring men who were at the Portland boats to make an appearance in Canada. McCormick, a red-haired boyish looking fighter told the Victorians that he had been associated with the Canadian corps during the war and would like to make an appearance before some of the returned men, to many of whom he had acted as boxing instructor at Aldershot, Bramshott, Hazlemere, and Whitley. McCormick has done well on this side of the Atlantic. In four-round bouts he has the decision over Al Norton, Jack Beeve, Gunboat Smith and Spud Murphy. He fought Frank Farmer to a draw in a ten-round go. McCormick's fight talk has once again set the ringmen talking of the possibility of staging professional bouts in Victoria, or Oak Bay.

Birds of prey are not endowed with the gift of song.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally That No-body Can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

SHOE DEALERS SAY "PROFIT LIMIT WOULD CLOSE THEIR STORES"

One-third Allowed on Cost
Price Is Less Than Business Expenses

If the order of the Board of Commerce limiting retail shoe dealers to a profit of thirty-three and one-third per cent. is to be enforced on the cost price to them of the shoes, dealers will have to close their doors and go out of business, local members of the trade said to-day. They declare that the retail shoe business cannot be conducted on such a margin.

The dealers say that they might temporarily by bringing up to date the prices of shoes which they have had in stock for some time and which were purchased in the spring at forty to sixty per cent. below present prices.

The order of the board, the dealers point out, is indefinite, as it does not make clear whether the profit is to be figured on the cost price or the selling price. If the profit is figured on the selling price, it is fair, they state.

On a pair of shoes bought wholesale for \$10.00 and sold for \$15.00, the profit on the cost price would be fifty per cent., but only one-third if figured on the selling price. If the profit of one-third were based on the cost price, the shoes would have to be sold for \$13.00, giving a profit of \$3.00, on which the dealers say they cannot do business.

The dealers explain that wages of

clerks have been nearly doubled, shop rents have gone up and costs of all store supplies have soared. The actual cost of doing business in most stores is now up to forty per cent. and a limitation of profits to thirty-three and one-third per cent. on the cost price would mean a loss of about seven per cent. in doing business.

Facing this problem, Victoria merchants are considering taking action to impress on Ottawa the state of affairs. Action has already been taken by Vancouver shoe men.

Just now the dealers are hesitating over their next spring's orders from the wholesalers. They say they will have to cancel these orders if the Board of Commerce informs them that they will be allowed only one-third profit on the cost price.

TAG DAY TO-MORROW

Aerial League to Appeal For Funds to Acquire Club Rooms.

To-morrow the Aerial League of Canada will hold its first tag day in aid of its funds towards the acquiring and furnishing of suitable club-rooms where the members and all interested in aeronautics may meet and keep in touch with matters pertaining to the art of flying. The support accorded to the popular flying organization by the public has always been generous, showing the general appreciation of the great strides made locally in the interests of aviation. Ladies of six of the I.O.D.E. Chapters have volunteered to help with the tagging to-morrow, but more assistance is urgently needed, and anyone willing to assist is requested to communicate with the League at the offices in the Union Bank Building to-day or to-morrow morning.

B. Y. P. U. Meeting.—The B. Y. P. U. of the Emmanuel Baptist Church will hold its weekly meeting on Monday, December 1, at 8 o'clock. Miss Stewart, of the Public Library, will address the meeting.

OFFICE OPEN FOR LATE TAX PAYMENTS

Crowds Pack City Treasurer's
Department to Pay
Taxes

The City Treasurer's office was packed this morning by eleven-hour taxpayers anxious to escape the fifteen per cent. penalty which will be imposed after Saturday night. In order that people who have delayed their payments may be given plenty of opportunity to escape the penalty, the City Treasurer's Department will remain open until 5 o'clock to-morrow. So far taxes have been paid with more expedition than last year, probably, it is thought, on account of the penalty clause.

Taxes will certainly have to be higher next year. Mayor Porter observed this morning, while scanning the provisional estimates which the City Council will consider to-night.

PRAIRIE PEOPLE AND OTHERS WOULD COME TO VICTORIA

To start poultry farming on Vancouver Island, which he has already heard is an ideal place for that sort of work, T. V. Acock of 700 Lexington Street, Waltham, Mass., with his family are planning to arrive in Victoria early next year. They have so informed the Victoria and Island Development Association. They are looking for a small farm of about twelve acres, with wood, fruit trees, a small house and outbuildings.

Mrs. H. E. Cox, of 252 Langevin Street, Norwood, Mass., finds that the severe prairie climate does not agree with her health, so her husband is arranging to move here early next year. Mr. Cox is a former wholesale hardware expert, but thinks he may take to a small farm. So that he may feel at home and familiar with the place when he arrives he wants Victoria newspapers sent to him.

Percy Earp, wealthy grain broker, of 405 Grain Exchange, Winnipeg, is sending his wife and daughter to Victoria to spend the winter months.

Mrs. J. L. Renton, 105 Bryce Street, Winnipeg, is also coming and is desirous of finding a small furnished suite or bungalow in which to live. C. W. Matheson, E.A., L.L.B., of Rockford, Alta., believes that Victoria ought to be a delightful place in which to live and take up poultry farming. He is therefore looking for a small poultry farm near the city, with dwelling and chicken houses.

WOUNDED ON LAST DAY OF FIGHTING

Veteran of Two Wars Had
Many Thrilling Experiences

Private Harry Warner, who left Victoria with the 103rd Battalion in July, 1916, has just arrived back in the city after an unusual record of service in France. Warner crossed the Channel for France in February, 1917, and was in the war area until the last hour of fighting. It was within an hour of the time the armistice was signed that he got his first injury which caused him to be sent to the Casualty Clearing Station. Warner's wounds were slight, and after a brief convalescence he was back on C. A. M. C. duties.

The veteran who is 45 years of age and has twelve years' service in the Imperial Army, also served until the last day of the South African war, in which he had three years and 119 days' service, most of the time as a stretcher bearer with the Royal Army Medical Corps.

While the war was on he arrived at Aberdeen, Wash., from Sydney, New South Wales, and made his way to Victoria to enlist with the Timber Wolves. He served in the ambulance section of the battalion, and was transferred to the Canadian Army Medical Corps in England. As a C. A. M. C. man he was attached to the 85th Nova Scotia Battalion in France. After serving at Vimy Ridge, Passchendaele and other engagements with the Nova Scotia men he was transferred to the 11th Canadian Field Ambulance as stretcher-bearer until November 11, 1918, sustaining his injury on the way to Mons.

Since then he has been serving in various capacities, part of the time being on the Aragona hospital ship, taking troops from Liverpool to Portland, Me.

MOTHER OF 62 CHILDREN.

The honor of being the mother of England's biggest family, held by Mrs. Mary Jones, of Chester, who had 33 children, is eclipsed by Signora Gionetta, of Nocera, Naples, who in nineteen years of married life gave birth to sixty-two children. Fifty-nine of the children were boys and three girls. In nine years she had eleven sets of triplets, three times she had four at a birth, and on one occasion she gave birth to five boys and one girl. The case is quite authentic, and seventeen years ago a petition was presented to the Italian Government asking for an annual pension for the woman who held the world's record for births.

CANADIAN CLUB LUNCHEON

St. Richard Turner, V. C., the famous general, will be the guest of the Canadian Club at luncheon Tuesday. His subject, according to a wire received to-day by President Cochran, will be "The Returned Soldier and the Flag."

Nurses' Ball To-night—At the Alexandra Club ballroom to-night the Victoria Graduate Nurses' Association will hold its first big ball since the war. Heaton's orchestra will furnish the music and a buffet supper will be served during the evening. The proceeds of the event will be devoted to the furnishing of memorial rooms in the Jubilee Hospital in honor of the late Nursing Sisters Christine Campbell and Gladys M. Wake.

HOW DOES YOUR HEART BEAT?

Put Your Finger on Your
Pulse and Find Out

The way the heart beats is an index of how the whole machinery of the body is working.

With a strong, steady, regular pulse we may expect vigorous health.

With a weak, irregular, intermittent pulse we can tell at once the vitality is low, and is causing the palpitation of the heart, the faint and dizzy spells, smothering and sinking sensations, shortness of breath, sensation of pins and needles, nervousness, sleeplessness, cold, clammy hands and feet, hot flushes, etc.

By their action in strengthening the heart and regulating the beat, toning the nerves and enriching the blood

MILBURN'S HEART AND NERVE PILLS

remedy all these distressing conditions and impart vigor and vitality to the whole system.

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

GIRLS AS PRACTICAL JOKERS.

The recent rectory oil mystery, which, it was suggested, was the result of a girl's hoax, calls to mind one or two remarkable exploits of girls who spoofed the public with their jokes.

A few years ago a girl living at Horley arranged with her lover to play a joke on the town. She lived with her stepmother, and while the latter was away one evening so disguised the rooms that they conveyed the appearance of having been rifled by burglars.

For some days the town was agog with excitement, and extra police were brought in to try to discover the authors of the "burglary."

Ultimately the girl, becoming nervous of the stir she had created, confessed the trick.

Another mischievous girl hit upon the idea of sending out invitations to a dinner and fancy-dress ball at a local hall. The invitation cards appeared quite genuine, but when the guests arrived they found the hall in darkness, while pinned on the door

was a piece of paper bearing the words "Sold again!"

An extraordinary scene was witnessed some years ago in a provincial town. One morning there drove up to the house of a well-known resident a dozen taxicabs, florists' carts filled with plants and flowers, a van containing a marquee, and a concert party. They had been "hired for the wedding," they said, when the bewildered occupier of the house asked what they wanted. "There is no wedding. You have been hoaxed," he replied. And so it proved, the perpetrator of the joke being his own daughter, a mischievous sixteen-year-old girl, who thought it would be good fun to send out spoof orders. —Tit-Bits.

Down in the Madras district in India there are lilies that grow leaves of phenomenal size. Indeed, these leaves are several feet in diameter and have turned up edges to form a shallow bowl which floats on the water. The buoyancy of these leaves is such that they will readily carry the weight of a small child.

NORSE SCHOONER VANCOUVER TO SAIL FOR EVERETT TO LOAD

Under charter to the National Pole Company, the Norwegian sailing schooner Vancouver, now completing at the Chelberg shipyard here, will shortly proceed to Everett to load a cargo of poles for Buenos Ayres. The charter was arranged by the Universal Shipping & Trading Company, of Seattle. The vessel is owned by Capt. H. C. Hansen, of Porsgrund, Norway. She is expected to go on her next week.

Commander of S.S. Olympic Invested With Knighthood

London, Nov. 28.—Captain Bertram Hayes, commander of the Olympic, was yesterday invested with Knighthood at Buckingham Palace.

The Daily Mail says: "Knighthood honors to the mercantile marine as a great national service and the new status it won so worthily."

CHINESE REFUSED TO EMBARK UNTIL GRIEVANCES SETTLED

Nearly 200 Members of British Slovak Legion at William Head Wanted Gratuities and Other Privileges of British Soldier

Claiming the privileges of the British Tommy and refusing to embark pending an adjustment of their grievances, one hundred and eighty-six Chinese soldiers, members of the British Slovak Legion, for some time past have been holding the centre of the stage at the William Head concentration camp.

"Me allee same British soldier, we want gratuity," is the sense of the discordant note of the Chinese "Bolsheviks" which has had a tendency to ruffle the feelings of the military authorities and otherwise disturb the peaceful serenity of the camp at William Head.

For several weeks past this have been clamoring in interpretative tongue for the adjustment of what they claimed to be a rightful grievance.

Were From Russia. Having from Russia, where they had seen military service, against the Bolsheviks, rescued by the British and later enlisted in a corps designated as the British Slovak Legion, this small band of militant Chinese were repatriated through Russia and sent across the Atlantic among the first batch of coolies forming the Chinese Labor Corps. Apparently satisfied with the climatic conditions here the Chinese soldiers decided that the William Head camp was a good place to sojourn in pending the settlement of their claims.

They stood by their guns and declined to embark. The downward trend of the exchange on the Russian market, on the basis of which they were to be paid for their services, appears to be one of the chief difficulties encountered. The Oriental warriors also claimed separation allowances, gratuity, civilian dress, expenses, and in fact all the benefits which accrue to the British private under modern war conditions.

Some Decorated. They laid stress upon their service against the Germans on the eastern front of Russia. Some of the Chinese even wear military decorations for bravery displayed on the field of battle.

The local military officers took up the dispute with the British War Office through the government at Ottawa; and after the lapse of considerable time, the order came through that the Chinese would embark on the Blue Funnel liner Ixion and proceed to Hongkong, where their grievances would be thoroughly investigated by the British authorities there. It was necessary, however, to requisition the services of Koliang Yih, Chinese consul, who went to William Head this forenoon, before the Chinese could be persuaded to board the liner.

Left on Ixion. The Ixion left port to-day with four thousand Chinese coolies aboard for Tsing Tau, China, from which port they will be sent back to their homes in Northern China.

The 156 members of the British Slovak Legion, however, will go on to Hongkong, where they expect to secure full adjustment of their grievances.

The C. P. O. S. liner Empress of Russia left William Head about 11 o'clock this forenoon with 2,200 Chinese coolies for the Far East.

P. W. BALDWIN, G.T.P.
AUDITOR HERE ON AN INSPECTION TOUR

On a tour of inspection of the various offices of the Grand Trunk Pacific, Percy W. Baldwin, auditor for the Grand Trunk Pacific Railway and Grand Trunk Pacific Steamship Service, with headquarters at Prince Rupert, is in the city to-day accompanied by A. Cotter, of the G. T. P., auditing staff.

Mr. Baldwin, who is from Montreal and recently took up his duties at Prince Rupert. Before entering the G. T. P. service he was associated with the National Railways of Mexico.

Messrs. Baldwin and Cotter reached here on the steamer Sol Duc this morning from Seattle and will leave Vancouver on Monday night for Prince Rupert.

STOP LUMBAGO PAIN, RUB BACKACHE AWAY

Instant Relief! Limber Up! Rub Pain, Soreness, Stiffness Right Out With "St. Jacob's Liniment."

When your back is sore and lame or lumbago, sciatica or neuritis has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating liniment takes the ache and pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn or discolor the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly and surely. It never disappoints!

LAKE STEAMER WENT ASHORE IN BLIZZARD

Calumet, Mich., Nov. 28.—Driven ashore in a snowstorm in Southern Lake Superior, the steamer Tigra, of Superior, is hard aground three miles east of Eagle River and is reported leaking badly. The vessel's hold is said to be filled with eight feet of water, and with a northwest wind blowing up the vessel is in danger of going to pieces.

Captain Haeny and the crew of 24 were taken off by coastguards. The Tigra carries a cargo of 110,000 bushels of wheat.

STEAMER FLOATED.

Newport, R. I., Nov. 28.—The steamer Lake Delaney, from Norfolk for Boston, which went aground on West Chop last night, was floated at midnight, according to a radiogram received here.

FUTURE POLICY OF ADMIRAL LINE TO RE-OPEN HERE

Will Be decided at Stockholders' Meeting, Says General Manager

Seattle, Nov. 28.—Declaring that the future policy of the Pacific Steamship Company largely depends on the action of the stockholders at a meeting scheduled to be held in the East on Tuesday, and that the greatest problems now facing the operating department of the Admiral Line were the present high costs of fuel oil and foodstuffs, and the matter of efficiency in the operating departments, A. F. Haines, vice-president and general manager of the company, is back from an extended trip to Pacific coast points served by the line.

Mr. Haines also confirmed the press reports from California which announced the extension of the Admiral Line's service to Mexican ports, in commenting on which he asserted that the move was merely the re-establishing of a service formerly operated by the Pacific Coast Steamship Company. This service, he said, had been abandoned about four years ago when the turbulent conditions in Mexico rendered the venture precarious, and that he now believed that the prospects were decidedly favorable for resuming service.

Major Plans. Referring to the major plans of the company, which includes the issue of \$25,000,000 or more in bonds, Mr. Haines asserted that that matter lay entirely in the hands of the stockholders of the company, who will hold a regular meeting in the East Saturday. He declined to comment on their possible action.

200,000 Meals a Month. Commenting on the business aspect of the operating department, Mr. Haines said: "Operating expenses of steamship lines are at present consuming all and probably more than the receipts warrant, and are due to several things. We must, if we are to continue in business, be assured of a reduced cost of fuel oil as well as a considerable decrease in the cost of provisions. Do you know that this latter forms no small part of the tremendous operating expenses of a steamship line?"

The Pacific Steamship Company serves to both passengers and crews over 200,000 meals every month to between 25,000 and 30,000 persons, which of itself is almost as heavy an operating cost as is fuel oil. These two items, coupled with the salaries and wages of the operating department, have increased tremendously.

Need of Better Efficiency. "Relative to the operating department, it is highly essential that a greater system of efficiency be arrived at as well as a reduction in the costs of fuel and foodstuffs. Otherwise the operation of steamships will become more and more a losing venture."

Mr. Haines reported that passenger traffic by the several ocean routes operated by the Admiral Line continued to be heavy, and that but for numerous strikes in effect in San Francisco things were about normal in California.

NOT RELYING ON FEDERAL ORDERS

Coughlan's Propose to Build Tonnage For Private Interests

Vancouver, Nov. 28.—Interviewed regarding the report that the J. Coughlan & Sons' firm was interested in the matter of building ships for two new companies, the Vancouver Shipbuilding Company and the Western Canada Steamships Co., J. Coughlan, Sr., declined to discuss the matter in detail, but stated that the firm had not sufficient contracts to assure continuity of operations for any great length of time and was arranging to build some vessels privately so as to avoid the necessity of laying off men during the winter months.

Mr. Coughlan expressed confidence that steel shipbuilding would be a permanent industry in British Columbia, although there was admittedly some difficulty in obtaining immediate orders. No advice had yet been received from J. J. Coughlan, who is at present in the East, as to how many more vessels would be ordered from the firm by the Canadian Government, but Mr. Coughlan, Sr., feels that the Government would not continue to place orders much longer and that private enterprise must now step into the breach. His firm, he said, would naturally do everything within its power to ensure the endurance of the industry it had created and the formation of private companies to build ships, as an essential step to that end.

BLISS NATIVE HERB TABLETS

Many thousands of old and young keep their systems free from the dreadful consequences of constipation by taking Bliss Native Herb Tablets at regular intervals. Those who lead an active outdoor life take one occasionally, while others whose work is confining and laborious and are more subject to constipation, but still up the liver and kidneys, clearing them of all fermentation, and restore them to a natural, healthy, active condition. They also purify the blood, and have a general tonic effect on the whole system, making one feel at night will make the next day bright.

Bliss Native Herb Tablets are put up in two sizes, small and large, each contains 300 tablets, enough to last the average family six months. Every box carries our money back guarantee. Take no substitutes. Look for the name on every box. Put up in \$1.00 boxes. Sold by leading druggists everywhere. Made by Alonso G. Bliss Co., Montreal, Que.

SIR DOUGLAS MAWSON'S RECORDS.

The New South Wales Government has decided, on the recommendation of a committee comprising the Government Printer, the principal librarian, and the curator of the Australian Museum, to print at a cost of \$4,500, the records of the Australian Antarctic Expedition under Sir Douglas Mawson. "I should like to make it clear," said the Premier (Mr. Holman), "that the initial cost of preparing the collections and illustrating the MSS. was borne by Sir Douglas Mawson personally from funds received from scientific societies, private individuals, lectures, and the exhibition of cinematographic pictures. Thus the leader of the expedition found all the money necessary to prepare the MSS. for printing. At this stage Sir Douglas Mawson came to the Government for assistance, basing his request on the national importance of his expedition, and offering in return to present the State with the whole of the geological, mineralogical, zoological, and botanical collections, as well as the relics of the venture." It is estimated that \$1,200 will be received by sales of the publication.

That fishes do not hear very much, and certainly do not make use of any sense of sound in hunting their prey in the sea, was found recently by Professor Brogg, when studying submarine sounds. He studied fishes at the Zoo, and found that their hearing powers were so deficient that they were evidently of no use in the underwater struggle for existence.

Standard for Over 60 Years

We began knitting underwear in Canada over 60 years ago. Quality has been our slogan all these years.

To us it means more than a phrase. It is a symbol of all that is best in underwear. It expresses the mission of this business—the standards of manufacture.

Correct styling, correct fit, correct finish, we must have at all times.

But QUALITY stands out pre-eminent and dominates the field of underwear.

So QUALITY then is a prime factor in every garment that comes from the Turnbull mills. Always look for Turnbull's trade mark when you buy underwear.

WILL RESIDE HERE

Victoria Gains From Demobilized Officers Another Family.

Major J. E. Reilly, with Mrs. Reilly and child, arrived from the Old Country yesterday, with the intention of settling on Vancouver Island.

The major, who had an extensive mining and engineering experience in the Malay States before the war, rose himself in the tank corps. He won his Military Cross in the war. The major intends to practice his profession here.

His wife is a sister of Mrs. Mann, wife of Captain J. U. Mann, who

brought his bride here last June, after splendid service at the front.

Imperial Veterans.—Through the courtesy of the Y. M. C. A. a meeting of all Imperial ex-sailors, soldiers, and nursing sisters will be held in the Y. M. C. A. on Saturday at 8 o'clock. Major Thomas of the Imperial Forces will address the meeting. Among subjects to be discussed is the granting of the Canadian Gratuity to all who served in the Imperial Forces, and forms will be obtainable at the meeting to be filled in.

The largest airplane engine in the world, just tested in England, weighs less than a ton, and has 1,000-horsepower.

CRYSTAL PALACE IS NEW STADIUM PLAN

Retail Merchants Hear of Scheme Far Exceeding Aldermanic Proposals

The latest stadium plan for the development of the idle property at the rear of the Empress Hotel, superseding and exceeding in its elaborateness the multitude of schemes that have been launched by opposing aldermen, public bodies and sporting men and organizations, was born last night at the meeting of the retail section of the Board of Trade.

A structure modelled broadly on the lines of the Crystal Palace, London, was advocated by Alfred Carmichael and the idea was supported by members of the Board.

"Has it ever occurred to you what a pleasure it would be to sit or play behind glass on a clear winter day such as we have been experiencing during the last few days, not only in the winter but also in the cool of summer evenings when it is not possible to sit in comfort out of doors, and do you not think that a building constructed on the lines suggested by the Crystal Palace in London would be a great attraction?" asked Mr. Carmichael.

What People Could Do
"In this building there could be provided different forms of healthful recreations and entertainment which would appeal to the different inclinations of our visitors. What could be more delightful than to sit on a clear but cold November day in a beautiful garden under glass partaking of light refreshments to the music of a good orchestra or band? Forms of entertainment such as a municipal theatre and dancing pavilion, swimming baths, aquarium, etc., could be made part of the general scheme; also an auditorium or convention hall, of which I will speak later. I think the vacant land at the back of the Empress Hotel is much more suitable for such a scheme as above than for a baseball stadium, which at the best only provides entertainment for one section of the community and will not contribute to any extent to the entertainment of visitors.

Might Cost \$1,000,000

A scheme such as I have outlined might take \$1,000,000 to carry out, but I believe it would be more than any other proposal considered to advertise Victoria as the pleasure city of the North Pacific, with the result that we would have crowds of winter as well as summer visitors; hotels would be full, first class apartment houses would spring up and really values would be increased something like \$5,000,000 in a few years, and a period of steady expansion would be guaranteed to the city. Do not throw this proposal out of your minds as chimerical. Give it consideration, and enlarge your vision of Victoria's possibilities."

Never Been in Salt Water.

C. W. Dixon endorsed the idea of a huge winter garden with music, dancing, concerts and salt water swimming baths to give visitors something to do.

"Many people from the Prairies have never been in salt water," he said.

Gilbert D. Christie told of his 900 mile motor trip through Washington last summer, declaring that the roads here were far superior to those on the other side.

"Why the Malahat is a billiard table compared with some of the roads we encountered," he said.

Mr. Christie asserted that Beacon Hill was not the proper place to have visiting motorists camping out at night, and suggested Cordova Bay. He said the City Council should do something to provide a motorist's camping ground before next summer, because it was a great attraction to visitors.

Wants Saanich Irrigated.

Henry Callow advocated an irrigation system for Gordon Head, which he said could be installed for \$60,000, and could be paid for in two years by the increased production it would result in.

"Victoria lacks intensive co-operation on the part of her people more than anything else," said J. L. Beckwith. "We have here more people who lack interest in public welfare than in any other place. Our advantages in living here are so great that people are satisfied, and don't give a hang. Our good people are not alive to the issue. We have got to have something in Victoria to get people stirred up and behind things for the city's welfare."

"It is a mistake to take the view that direct purchases in stores by tourists is the only indication of the advantage of the tourist trade," said Mr. Carmichael. "Transportation companies, hotels and garages depend greatly for their prosperity on the tourist. These visitors are large purchasers of commodities, creating and maintaining business in which the retailer, as well as the wholesaler, shares."

Not Simply Beauty Gazer.

"It is therefore much to the advantage of the business men of Victoria to encourage and back up to the limit of their power our own Victoria and Island Development Association and also through our Government the Pacific Northwest Tourist Association."

"When we have got the tourist here how are we going to keep him? This all important question is now receiving a small part of the attention it deserves."

"We must remember that the average tourist is not one who can sit day after day gazing at beautiful vistas of island-dotted seas, blue mountains and the delightful landscapes of Saanich or Mechosin. The average tourist is a much more prosaic person, whose enjoyment must

come from outside himself; in other words he has got to be entertained. This is specially true in the winter season when one's diversion must to a great extent be sought for indoors. Mr. Carmichael said that if only ten families came here and settled through the efforts of the Victoria and Island Development Association all the money spent on that organization would have been justified, so great is the value to the community of the settlement of one family in it.

(Continued from page 13)

Assistance of No Use.

The screams of the woman, helpless before the destructive weapon pointed at her, and the noise of the shots, attracted attention. Mr. Simmons rushed to his wife's assistance when he found that Morgan was putting into effect the threat that he would "get" Mrs. Simmons if she persisted in resenting his attentions. Miss Campbell, who was also in the cafe, joined Mr. Simmons but they found that both lives had departed. The police were summoned and Dr. Elbert, who examined the bodies, pronounced life extinct. A large crowd of curious people gathered outside the cafe, and the police constables had to form a barrier to keep them from entering the cafe.

The wanton taking of Mrs. Simmons' life, especially in view of the fact that she was the mother of two young children, has aroused considerable sympathy for the bereaved family. Mrs. Simmons had been practically hounded by Morgan for the past two or three months. He persisted in offering his love and could not understand why the lady continued to side-track all his efforts. Finally Morgan became abusive and threatened that he would "get" Mrs. Simmons. That he would resort to such a wilful act as he performed yesterday, did not occur to the minds of either Mr. or Mrs. Simmons, but they

DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.

feared he might continue to be objectionable and decided to have Morgan arrested. Several weeks ago he appeared in the police court charged with threatening Mrs. Simmons. Morgan appealed to Magistrate Jay to let him go. He promised to leave Mrs. Simmons alone. On these grounds the magistrate let him out on suspended sentence.

Hounded Her Again

But the infatuation was irresistible. He wanted Mrs. Simmons. Once again he commenced to hound the lady. He ate all his meals in the restaurant and was always looking for Mrs. Simmons. Yesterday at lunch he annoyed his victim, and she once again asked the police to protect her against possible injury. Constable Pook remained on duty throughout the afternoon and at 5:25 o'clock he was ordered to proceed on his beat. It is believed that Morgan kept more watch on the activity of the police officer. Shortly after the officer had left, Morgan entered the cafe, which was empty save for Miss Campbell, who did not see him enter, and Mr. Simmons, who was in the kitchen preparing the evening meal. Morgan encountered Mrs. Simmons as she was about to enter the kitchen and there shot her.

About thirty minutes before the tragedy Police Sergeant Boulton met Morgan on Broughton Street and advised him to keep away from Mrs. Simmons. Morgan replied with a laugh that he was not going to bother the lady any further.

Little is known of Morgan in this city. Articles found by the police show that the man had a serious tendency towards religion. A Bible which had been presented to him before he left the Old Country was amongst his belongings. It contained the familiar passages of scripture usually placed in Bibles given by fond parents to their sons on departing for the New World. They included: "God is our Refuge and Strength and a very present help in the time of trouble"; "Depart from evil and do good and dwell for evermore"; and "Hark on the Lord. Be of good courage and he shall strengthen thy heart; wait on the Lord."

In a notebook which the man had kept were references to various passages of scripture, also many chapters from Proverbs, Ecclesiastes, Chronicles and the Psalms.

Brooded Over Love.

It is quite evident that Morgan brooded over his attempted love-making with Mrs. Simmons. In his note book are peculiar jottings, which might be made by a man when in serious thought. Some of the notes are "beloved because," "particularly dangerous," "marriage certificate," "send me a picture," "I will be happy," and many odd words. An unfinished letter contained the information that Morgan had been working for the Canadian Explosives at James Island, and that for a time he was employed in making nitro-glycerine. Three receipts for money-orders, aggregating \$150, were found made payable to Mrs. Bella Morgan, of Fifeshire, Scotland, who is believed to be his mother. Morgan came from the Old Land, and was about thirty-two years of age. He was employed as a miner in England. In this country he had been working as a laborer, and lived in a cabin on Johnson Street. He was a stalwart man, standing six feet one and one-half inches in height and weighing 200 pounds.

Mrs. Simmons was thirty-three years of age, and resided with her husband over the London Cafe, of which Mr. Simmons is the proprietor. Besides the husband two children, a girl of five years and a boy of three years, survive her.

The bodies were removed to the B. C. Funeral Parlors after Dr. Stainer, the coroner had visited the London Cafe. An inquest is being held this afternoon.

You Select From Our Entire Stock Several Hundred Smart Suits

Good News For Men! J. N. HARVEY, LTD. Make Their Popular Combination Suit and Rubberized Overcoat Offer

An Exceptional Offer—Don't Miss It

WASHING A KING'S FACE.

The statue of King George III. in Cockspur, London, underwent a much-needed "spring-cleaning" recently, and the unusual sight of the monarch at his toilet attracted a small, but interested, crowd. The first spectators collected when two men

mounted the pedestal and polished the Royal riding boots. They showed intelligent interest while the horse was being groomed, and were gently amused as the monarch's various articles of attire underwent a thorough titivation. When, however, one of the cleaners mounted the horse in front of King George and commenced

to wash the Royal face the crowd were moved to laughter. Disappointment was expressed that no attempt was made to brush King George's hair.

It is easier for love to find a way than it is for a good many young men to pay the way.

Births, Marriages, Deaths

DIED.

BALL—On the 23rd inst. at Balfour, B. C., George Robert Ball, aged 23 years, a native of England and a resident of Victoria for the past 3 years. He is survived by his wife, 3 children, and relatives in England.

The funeral, which will be military, will take place on Saturday, Nov. 29, at 2 o'clock, from the Thompson Funeral Home. The late Mr. Ball was a member of the Masonic Order, under whose auspices the funeral will be held.

BUTCHER—On Nov. 26, 1919, at Jubilee Hospital, Joseph J. Butcher, aged 71 years, born in England.

The remains are resting at the B. C. Funeral Chapel, 734 Broughton Street, from whence the funeral will take place on Saturday, Nov. 29, at 11 a. m. Interment in Ross Bay Cemetery.

WILKMAN—On November 24, at Calgary, Alta., Elizabeth Adeline Blackwood-Wilkinson, dearly loved wife of Mr. Blackwood-Wilkinson. The deceased was a resident of Quamichan Lake, B. C., for the past six years, and leaves to mourn her loss, besides her husband, one daughter and four sons by her first husband.

The funeral will take place on Monday, December 1, the cortege leaving the Santa Funeral Chapel at 1:45 o'clock. Fifteen minutes later service will be held at the Christ Church Cathedral by Bishop Schofield. Interment will take place at Ross Bay Cemetery.

Members of Britannia Lodge, No. 73, A. F. & A. M., are requested to assemble for an Emergency Communication of the Lodge, at the Masonic Temple, corner Spadina and Douglas Streets, on Saturday, November 29, at 1:15 o'clock p. m., to attend the funeral of our late Brother, G. R. Ainsworth Ball.

Brothers from other City Lodges and adjoining Brethren in good standing are invited to attend.

By order of the Worshipful Master,
P. H. BLASFIELD,
Secretary.

Let Us Help You Save Coal in Heating Your Home or Building

Statistics show that enormous quantities of coal are wasted every year in heating systems.

TANK INVENTORS ARE GIVEN £15,000

London, Nov. 28.—The Royal Commission which inquired into the invention of the tank has awarded Sir William Tritton and Major Wilson £15,000 jointly. These are the principal awards. There are others, but smaller, for minor contributions. The Commission expresses regret that it cannot recommend an award to L. F. de Mole, who in 1912 reduced to practical shape the brilliant invention which anticipated and in some respects surpassed that actually put into use.

PIMPLES THAT DISFIGURE

many a girl's complexion will be found to disappear if Zam-Buk is applied with regularity.

Miss Mary Kral, of Gilbert Plains, Man., writes: "After having had disfiguring pimples on my face for two years, and having tried all kinds of treatment in vain, I had almost given up hope of ever getting rid of them, when I saw an advertisement recommending Zam-Buk for this trouble. I sent for a sample box, and even this small quantity brought a little improvement. Now, after persevering for some months with Zam-Buk, my face is entirely rid of the eruption." 50c. box, all dealers.

Zam-Buk

WITNESSES HEARD AT RUSSELL TRIAL

Hearing of Russell at Winnipeg on Conspiracy Charge Proceeds

Winnipeg, Nov. 28.—Crown Counsel A. J. Andrews, K. C., concluded his address to the jury in the trial of Robert B. Russell, one of the eight strike leaders here charged with seditious conspiracy, and the first witness to give evidence, F. E. Landale, stepped into the witness box this morning. Landale, a member of the Law Society practicing at Elgin, Man., acted as an intelligence officer during the period in which the alleged conspiracy was carried on. His evidence connected the accused, Russell, with the Walker Theatre here on December 22, 1918, from which as the result of a resolution carried by the meeting, greetings were sent to the Soviet Government of Russia.

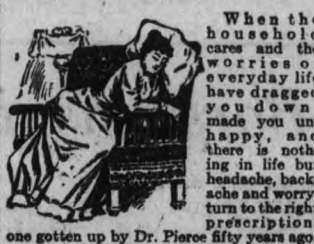

Because of an objection by Robert Cassidy, K. C., that the evidence of this witness on another meeting held in the Walker Theatre, under the auspices of the Socialist Party of Canada, was irrelevant, the witness was ordered to stand aside until called for.

The second witness was F. G. Perry, court reporter of Fernie, B. C., who was engaged to make an official shorthand report of the Western Canada Labor Conference March 13, 14 and 15, at Calgary. The typewritten report of the entire proceedings including a list of the delegates, was put in by counsel for the crown without objection from the defence. The accused was present at this convention, said the witness.

JOINER NOW A BISHOP.

A public presentation is to be made in Manchester at an early date to Bishop Hanlon, Roman Catholic Bishop of Teos, who this year celebrates his silver jubilee as a bishop. Bishop Hanlon was born in Manchester in 1827, and as a young man was employed as a carpenter by a Manchester firm of cabinetmakers. He left the carpenter's bench to take up missionary work, and as a result of good work among the natives of Uganda was in 1894 appointed titular Bishop of Teos.

When The Day Is Over

one gotten up by Dr. Pierce fifty years ago.

Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening pains, irregularities, and for the many disorders common to women in all ages of life.

Orillia, Ont.—"I suffered from a bad case of woman's trouble with backache, nervousness, disordered digestion, irregularity and I had great pain all the time, sometimes I would faint at my work. I had one physician after another but they did me no good. I then took Dr. Pierce's Favorite Prescription and it freed me up all right, I look much better and feel fine. I will recommend the 'Prescription' to all suffering as I did."—MRS. MAYBELLE B. GRATIX, 115 Albert St.

Write Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for confidential advice and you will receive the medical attention of a specialist, wholly without fee—no charge whatever.

FALL OF SNOW IN CENTRAL STATES

Coal Shortage Is Aggravated by More Severe Weather.

Chicago, Nov. 28.—A blanket of snow ranging from a fraction of an inch to two feet to-day covered most of the United States west of the Mississippi River and extended as far east as Toledo, Ohio, with low temperatures prevailing.

South of the snow belt heavy rains fell and floods swept the lowlands bordering the Salt and Agua Fria rivers in Arizona, with possible loss of life.

Moderation to-day was forecast only for the Panhandle region of Texas.

The weather rendered more critical the fuel situation brought about by the twenty-eight days' strike of bituminous coal miners. In many small cities and towns the coal shortage was acute. Moderation of the cold wave by to-morrow, however, was forecast.

Eat and Get Thin

This is turning an old phrase face about, but modern methods of reducing fat have made this revision feasible. If you are overfat and also averse to physical exertion; if you are likewise fond of the table and still want to reduce your excess flesh several pounds, do this: Go to your druggist (or write the Marmora Co., 354 W. W. and Ave. Detroit, Mich.) and give him (or send them) one dollar. For this modest amount of money the druggist will put you in the way of satisfying your ambition for a nice, trim, slim figure. He will hand you a large case of Marmola Prescription Tablets (compounded in accordance with the famous Marmola Prescription), one of which you must take after each meal and at bedtime until you begin to lose your fat at the rate of two, three or four pounds a week. Then continue the treatment until your weight is what you desire. Marmola Prescription Tablets are not only harmless, but really beneficial to the general health. You don't need starvation diet or weight-reducing exercises. Just go on eating what you like, leave exercising to the athletes, but take your little tablet faithfully and without a doubt that flabby flesh will quickly take unto itself wings, leaving you a trim, slim figure, nicely clothed in firm flesh and trim muscles.

NEWS AND NOTES OF THE MINES

Shipping to Trail

Of twenty-three mines or groups whose ore or concentrates were received at the Trail smelter during the week ending November 21, five were on the shipping list for the first time for the year. The number included the Jo Jo of Three Forks; the Noonday, of Sandon; the Van Rai, which only recently closed down, after nearly a full season's operation by Clarence Cameron; the Chatterbox, a Washington property, and the Monte Dora concentrator at Kaslo.

Washington Coal Mines.

Declaring that if the net profits of all the coal companies in the state of Washington for the past year were divided among the miners demanding a 60 per cent. raise in wages, each man would receive only 7 cents a day increase, the Washington Coal Operators' Association, following a threat to sue the union, has submitted its side of the case to Governor Louis F. Hart in an effort to have the situation cleared up and mining resumed.

Utica Mine.

Working a portion of the old workings on the Utica mine, on Paddy's Peak, on a lease, T. J. Poyntz, formerly superintendent of the Utica, has made a strike of high-grade silver-lead ore, and is now sacking a quantity of the rich stuff for shipment. The ore is high in silver, and the dry ore is classed as a considerable interest is being displayed along the line for a long time, but which many believe would repay deep development. There is a great quantity of milling ore on the dump, the production of the past having been chiefly of ore that would stand direct shipment.

Will Not Check Shipments.

There need be no suspension in shipments of copper ore to the Trail smelter on account of the destruction by fire of the copper mill recently, the Consolidated Mining and Smelting Company of Canada is notifying shippers. The lead mill, is being re-erected and pending the construction and completion of the new copper mill, copper ore will be crushed at the lead mill. The lead mill will of course continue to take care of the lead ore also. Replacement of the destroyed plant is to take place at once.

BAZAAR AT NANAIMO

The results in connection with the Thousand Dollar Bazaar at Nanaimo reported to be most gratifying although the exact total has not as yet been computed. It is reported however, that \$900 has already been cleared and on some stock outstanding which is still under sale it is expected to attain the full objective of \$1,000.

Even the man who is unable to keep a horse may afford a night's

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation.

It relieved me from my troubles, so I can do my household work without any difficulty. I advise any woman who is addicted to female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. Marie Boyd, 143 Fifth Street, N.E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

RAPID HULL CLEANING.

The scarcity of shipping and the transport arrears which have to be caught up in every part of the world make it imperative to reduce to a minimum the time during which vessels are out of commission. Hitherto the cleaning of a ship's hull has necessitated dry-docking, with all its attendant delay and expenses. In the Port of London the cost of dry-docking a 7,000-ton steamer is £185 for one day, apart from the cost of cleaning, which is generally done by hand. The perfection of the submersible electric motor in Great Britain has, however, led to the successful development of a means of cleaning hulls while afloat. The machine used consists of a revolving cylindrical brush, driven by a submersible electric motor which also operates a screw propeller, the function of which is to force the brush firmly against the hull. Power is supplied to the motor from an electric generating set on a barge which also carries a crane lowering the machine to its work. It is calculated that the hull of a 7,000-ton steamer could thus be cleaned in about eight hours, with the services of four men only to operate the plant and the barge. The process can go on while the vessel is discharging, coaling or loading; and as the barge carries powerful electric lights the work can be done, if necessary, at night. Apart from the saving in the expense and time of cleaning, this British invention will lead to increased speed and lower coal consumption, as there will be no need to put off the process of cleaning until an opportunity for dry-docking occurs. Demonstrations of the process in various British harbors were proved to be successful by the subsequent examination of the hulls in dry-dock.

Slater was absorbed in the evening

paper when his young son's crying disturbed him.

"What is that child howling for now?" he demanded, irascibly. "He wants his own way," said Mrs. Slater.

"Well," argued Slater, absent-mindedly, as his eye fell on a particularly interesting item, "if it's his, why don't you let him have it?"

CHASE & SANBORN, MONTREAL

EIGHT OUNCES AS NEW LIQUOR LIMIT

Attorney-General Announces Amendment to B. C. Prohibition Act

Vancouver, Nov. 29.—An announcement was made here to-day by Attorney-General Farris that at the next session of the Legislature, an amendment to the British Columbia Prohibition Act will be presented to reduce the maximum amount of liquor that can legally be sold at any one time to any one person through Government dispensaries from two quarts to eight ounces. This regulation, he said, would be tried for six months, at the end of which time the Government would submit a referendum to the people, in which they would be asked to say if they were in favor of eight-ounce regulation, or whether in favor of the sale of liquor in quantities up to one quart through the Government liquor stores.

Uncle Garg: "Ave yer got any good seats inside?"

Box Office Clerk: "We've got a few stalls vacant, sir."

Uncle Garg: "Now look 'e 'ere, young feller, I may be oop fra' t' country, but I ain't no bloomin' hosi!"

There was a horse fair in an English country town, and all sorts and conditions of horses were being offered for sale. Every old crook in the county seemed to be there. The auctioneer stood ready to begin business, which looked like being pretty bad. An old farmer came up with an aged steed, thin, none in the knees, and walking on three legs.

"How much?" asked the auctioneer, looking at the steed disgustedly.

"Fifteen pound!" came the stolid reply.

The auctioneer looked pained and surprised.

"I want to know your price—not the weight of the animal!" he remarked.

Painful Piles

A Free Trial of Pyramid Pile Treatment is One of the Grandest Events You Ever Experienced.

Prince Rupert Featured.—The town of Prince Rupert is featured in the latest issue of the Public School Magazine, which contains also a number of interesting stories and other articles. The illustrated article on the northern industrial centre is written by H. F. Pullen, editor of The Prince Rupert News, and formerly city editor of The Times. Of particular inter-

est is a short description of the first Parliament Buildings accompanied with a picture of the old pile. Various other illustrations, articles and particularly a poem by Donald A. Fraser, the editor of the magazine, make the issue a most attractive one.

If You Are Looking for a good house below cost, see Crown Realty Co., over Imperial Bank.

START FUND TO HELP POOR AT CHRISTMASTIDE

Much Money Will Be Needed This Year on Account of Prevailing Unemployment

With the unemployment problem becoming more acute every day, and the prospects of widespread poverty increasing as Christmas approaches, the Victoria Rotary Club started out yesterday to swell the Christmas Tree Fund which it has created to the extent of \$375. The Christmas tree this year, as usual, will provide cheer and comfort to many little children and poor families whose Yuletide otherwise would be spent perhaps in cold and even hunger. The gifts will all be of a useful nature in order that the Christmas tree may be a real help to the poor in the prevailing "hard times." As was done last year, clothing, food and fuel will be provided to needy families while the ladies will be entertained about a big old-fashioned Christmas tree. In order that nothing may be purchased uselessly the Rotarians will find out beforehand just what is needed by various families and children.

This year undoubtedly there will see far greater want and poverty in the city than in 1918. Moreover, the goods which will be purchased as gifts will be far more expensive than before. As a result, a great deal more money is required from the public of Victoria if the tree is to afford the relief necessary. Subscription lists have been opened at The Times and Colonial Business Offices. Those in charge declare that he gives twice who gives early, for a great deal of preparatory work must be done.

Following are the gentlemen who made the original subscriptions to the fund at the Rotary luncheon yesterday: J. F. Scott, Lester Patrick, P. C. Abell, James Adam, E. A. Harris, Stewart Williams, C. W. McAllister, M. McDonald, J. D. O'Connell, A. C. Flumerfelt, George Warren, L. D. McLean, H. P. Johnson, M. C. Sands, B. R. Clerci, G. Brady, C. Denham, P. E. McCarter, W. A. Allard, Matric & Son, J. W. Wood, L. U. Poyntz, Frank Waring, J. W. Gillis, Justin Gilbert, Ernest Down, H. J. Young, Geo. F. Pyke, H. Keown, H. L. Whitaker, J. S. Ballin, W. H. P. Sweeney, Seymour Rowlinson, Jack O'Brien, J. C. M. Keith, C. B. Deaville, W. S. Terry, Robt. Jameson, F. Brown, Jas. Fletcher, A. A. Kelley, H. C. Hallwright, E. W. McMillen, A. F. Purser, Thos. Walker, Frank Gilmie, C. F. Dawson, M. Raynor, Walter S. Wilson, R. Hetherington, A. C. Routh, Geo. McGregor, E. A. Taylor, S. Drake, P. B. Scourah, R. O. Lamb, A. H. Tanner, L. D. Rines, D. M. Cameron, William Moore, J. McIntosh, Joe Burgess, Frank Higgins, T. P. McConnell, R. A. Ruffe, C. H. French, Steve Jones, Geo. Wilkerson, Jas. Hunter, Alec Peden, Jos. Patrick, F. Allbutt, T. R. Kent, T. J. Goodlake, W. T. Henry. Total, \$375.

-ARTS AND CRAFTS CLUB

Election of Officers Postponed For a Week.

The annual general meeting of the Island Arts and Crafts Club was held last evening at the club rooms, 202 Union Bank Building, Dr. Hasell, the president in the chair.

There was a good attendance of members present, and the reports of the secretary and treasurer showed the club to be in a very satisfactory position financially. A long discussion took place over the proposal to affiliate with the Provincial Arts and Crafts Institute. Other matters of interest, including a proposal to hold a festival of art, will be discussed later.

Miss Mary Mason, who has rendered great service to the club for many years, was elected a life member, as a mark of appreciation, by a standing vote of all the members present.

It was unanimously agreed to purchase replicas and models for the use of art students attending the Night School art classes with the balance of the fund on hand for this special purpose.

Owing to the lateness of the evening it was decided to adjourn the meeting until Thursday next, at 8.15 p. m., when other matters of interest will be discussed, and the election of officers for the year will take place.
